LENTZ DRAWS 90 DAY'S ON "FARM"

Indianapolis Man is Also Fined \$100
and Costs by Mayor Irvin for
Transporting Booze.

ASKS JUDGMENT BE WITHHELD

Mayor Learns in Meantime Lentz
has been Through Here With
Booze Since Episode Mar. 27

Frank Lentz, of Indianapolis, was
fined \$100 and costs and sentenced
to 90 days in the penal farm for
transporting liquor into dry territory
from Ohio. Lentz was arrested
in Indianapolis yesterday morning
and Chief of Police Seward brought
him here late yesterday afternoon
for trial in Mayor Irvin's court.

Lentz testified that he was the
driver of the machine at the time it
struck the rear end of the Pinnell-
Tompkins lumber truck at the corner
of Second and Main streets on the
evening of March 27. He stated
that the machine had been bought
by him for the purpose of running a
taxi and he had hired a man called
"Shorty" to drive it for him. "Shorty"
went to work one morning and
that evening wired Lentz from Cincinnati,
stating that he was drunk
and wanted him to come and drive
his car back to Indianapolis for him,
according to the story. Lentz said
that he went to get his car and it
was he who ran it into the lumber
truck here.

He stated that he abandoned the
car and he and "shorty" boarded a
train at Arlington and went on to
Indianapolis. After the mayor intimated
that he would fine him \$50
and sentence him to 60 days at the
state farm, he asked through his attorney
that the mayor wait until
eight o'clock this morning to pass
judgment.

In the meantime the police began
to investigate and had men to identify
Lentz as the man who had
passed through here several times
previous and as having made trips
through here afterwards in a big
car. At eight o'clock this morning
he was given the sentence of 90
days to the state farm and fined
\$100. He will be taken to the farm
tomorrow to commence serving his
sentence.

PARKING LAWS DISOBEYED

Mayor States That They Will be En-
forced Hereafter.

The mayor also wished to call attention
to the fact that machine
owners are becoming careless about
parking their cars. The police have
been ordered to keep the alleys free
from parked machines as no parking
space is provided for in alleys by
the ordinance. The police have also
been instructed not to allow any
more double parking as has been the
custom of many in the past. It is
pointed out that when the machines
are parked thus in case of fire it
would be impossible for the department
to make the run as the street
would be almost completely blocked.

ATTENDS 4 DAY ROUND UP

Merrell Reddick Only Rush County
Boy at Purdue.

Merrell Reddick, winner of the
Center township pig club contest,
went to Lafayette yesterday to attend
the four day "round up" of
boys and girls agricultural clubs at
Purdue university. Demonstrations
and lectures will be given and the
club winners from all over the state
will tell how they won their prizes.
Center township had the only boys
pig club in the county last year. It
was organized by Marion Detrick.

TWO JUDGMENTS AWARDED

Judge Finds For Plaintiffs in Note
and Account Suits.

On the default of the defendant in
the case of the Live Stock Remedy
company against Wilbur G. Gordon,
on a note for \$300, judgment for
\$273.31, including \$24.85 attorneys
fees and \$248.52 in principal and interest,
was returned in the circuit
court yesterday for the plaintiff. The
L. C. Nicholson company also won
a judgment of \$93.89 against Martin
I. Miller, who was sued for \$150 on
an account.

The case of Joseph H. Berry
against Walter G. Duke, deceased,
alleging breach of warranty, was
dismissed by the plaintiff and the
costs paid.

CHAUTAUQUA LOST \$25.64 LAST YEAR

Annual Report Showing Receipts of
\$4,254.69 and Expenses of \$4,-
280.33 Submitted.

DIRECTORS HOLD MEETING.

The Rush county chautauqua was
conducted at a loss of \$25.64 last
year, according to the report of the
secretary, Arie M. Taylor, which was
submitted to the board of directors
at a meeting last night in T. M.
Green's office. Total receipts amounted
to \$4,254.69 and disbursements
totaled \$4,280.33.

The principal items of expense
were: talent \$3,322.15; insurance,
\$35.64; war tax, \$365.32; advertising
and printing, \$197.22; policemen,
\$78; gatemen, \$52; secretary, \$25;
ticket seller, \$21.50; janitor, \$34.50;
jitney, \$35; piano, handling of and
freight, \$28.80; all other incidental
expenses, \$85.20.

The board made arrangements to
rent the coliseum to the United
Brethren church for a two weeks
meeting.

FOURTEEN COUNTIES IN STATE MAKE GOAL

Wider Distribution of Victory Loan
Indicated in Messages Received
at Washington.

HARD WORK IS NECESSARY.

(By United Press.)

Indianapolis, Ind., April 22—With
the opening of the second day of the
Victory loan campaign, eleven of the
sixty-eight Indiana counties in the
Seventh federal reserve district officially
have reported to state loan
headquarters their quotas sub-
scribed amounting to \$6,669,000 of
the quota of \$81,562,500 for the district.
Reports from Jackson,
Switzerland and Greene counties,
which are in the Eight federal reserve
district, show they have
reached their quotas, so that a total
of fourteen counties in the state
have reached their goal.

Sales are Smaller

Washington, April 22.—Wider distribution
of the Victory loan was indicated
today in the first reports to the
treasury officials from smaller
communities.

Sales, however, were smaller. Dis-
tributions is what the treasury heads
wanted, believing the greater the
distribution the less the resales after
the campaign closes. "Hard
work will be necessary to float the
Victory issue". This message was
telegraphed to federal reserve districts
and state campaign leader, re-
sulting from over night work. The
telegrams received overnight were
more encouraging.

SALES REPORTED TOTAL \$29,150

Victory Bond Subscriptions Much
Larger Due to Volunteers Who
Bought at Banks.

ORANGE IS SHOWING THE WAY.

Sales Amount to \$21,300 Today. Al-
most Half of Which Was Sold by
Miss Erma Tevis.

With reports from parts of only
two townships, subscriptions to the
Victory Liberty loan officially tabu-
lated, today amounted to \$29,150,
one-third of which was raised by a
woman.

To Miss Erma Tevis of Orange
township belongs the credit for
selling \$12,000 worth of the 21,300
worth of Victory bonds disposed of
in Orange township.

The remainder of the subscrip-
tions, \$7,850, was from Anderson
township, of which \$5,300 was re-
ported this morning. This township
reported sales amounting to \$2,500
the first day of the campaign and
was the only township to be heard
from until Charles Owens brought
in a report from Orange township
this afternoon to T. M. Green, county
director of sales.

Township chairmen are urgently
requested to inform Mr. Green of the
progress of the campaign daily so
that it will be possible to keep in
touch with the way the bonds are
selling. Conditions were never bet-
ter for selling the county's quota of
\$25,000 right off the bat and county
loan officials are anxious to know
how near the townships are to their
goal.

It is doubtful if any woman work-
er will approach the mark set by
Miss Tevis of Orange township in
selling \$12,000 worth of bonds the
first day of the campaign. Of \$21,-
300 worth reported from Orange
township \$15,050 was sold in the
road district in the southwest cor-
ner of the township.

While the sum reported seems
small, it does not represent the
bonds which have actually been sold
because of the large number of sales
made through the banks of the
county, which have not made re-
ports to Mr. Green. It is known that
more than \$100,000 worth of Victory
bonds had been taken by volunteer
subscribers through the four Rush-
ville banks before the campaign
started, and these have been aug-
mented by many more volunteers
yesterday and today.

Buttons to be worn by subscribers
who did not have to be solicited,
have been received and will be distributed
among the banks, to be passed out
to customers entitled to them.

Eight German helmets which the
"victorious" German army planned
to wear in Paris, have been received
by Earl H. Payne, county chairman,
and are on display in the Rushville
banks. They will be used as trophies
to be awarded bond salesmen.

A letter also reached here this
morning, announcing that fifty med-
als made of metal from captured
German cannot, were being shipped
and may be used for the same pur-
pose as the helmets.

A consignment of honor flags to
be awarded to towns, cities and
townships when they reach their
quotas, have been shipped and are
expected in a few days.

JOE JOHNSON IS DEAD.

Word has been received here of
the death of Joseph P. Johnson of
Indianapolis, which occurred this
morning at two o'clock. The funeral
arrangements will not be completed
until his son arrives from Port-
land, Oregon. Mr. Johnson is well
known here, being the brother-in-law
of Mrs. John C. Blackledge.

NATIONAL GUARD TO BE REIMBURSED

Rush County Council of Defense
Aided Men in Receiving Immediate
Attention.

OF INTEREST TO LOCAL MEN

General Smith States That More
Than 2,000 Men Will be Paid What
is Coming to Them.

Since the question of reimbursing
the members of the Indiana National
guard has been brought to the at-
tention of the proper authorities,
through the Rush county Council of
defense after many complaints were
made by soldiers from this county
who were members, they are to be
reimbursed for the uniforms they
bought with their own money. At
the time the United States entered
the war these men bought their uni-
forms with the understanding that
the federal government would re-
turn the money to them later.

Harry B. Smith, adjutant-general
of Indiana, announces that the men
will be paid within a short time. He
is sending blanks to the companies
of the companies in which the men
bought their own uniforms and other
equipment. Soldiers may obtain
these blanks by making their claim
with the man who was company
commander at the time the uniforms
were bought. The requests must be
approved by the company commander
and on presentation at the office
of the adjutant-general of Indiana,
at the state house, will be certified
to the state treasurer for payment.

Provision is made with the state
for reimbursing the guardsmen in
accordance with a law passed by the
last legislature. The recent law
contained an emergency clause and
now general Smith is ready to carry
out its provisions. The duty of re-
imbursement rests upon the federal
government but on account of the
delay this would cause, the state
have been asked to be allowed to
pay this sum to the men and then the
federal government will in turn pay
the state.

General Smith states that there
are about 2,000 Indiana soldiers who
bought uniforms or other equipment
at a cost ranging from 10 cents to
\$13.56.

NERVOUSNESS SEEN IN ITALIAN CIRCLES

Cabinet Members After Today's
Session Say They are Awaiting
Decision at Paris.

POSTPONEMENT, CONCESSION

(By United Press.)

Rome, April 22.—Following the
cabinet session this afternoon sev-
eral members were questioned re-
garding the situation in Paris. All
replied that they were constantly
awaiting the decision. They were
said to be awaiting the decision on
Italian claims with exceeding ner-
vousness.

The keynote of the public speeches
in celebrating the nation's 2,672th
birthday, was annexation of Fiume
and other Adriatic cities.

Postponement of the opening of
the Italian parliament announced
yesterday was generally regarded
today as the maximum concession on
Italy's part in regard to her terri-
torial claim. It was pointed out
that this would permit the Big Four
two more weeks for further consid-
eration. Beyond granting this addi-
tional time, Italy unwilling to ac-
cept any further demands.

Unofficial reports stated that Italy
is prepared to undertake military
occupation of the disputed territory.

MRS. O. H. BOKLEMAN DIES

Expires at Her Home in Richland
Township of Flumonia.

Mrs. Otto H. Bokleman, age 30,
died at her home in Richland town-
ship yesterday afternoon at 5:30,
death being due to influenza and
pneumonia. Mr. and Mrs. Bokleman
moved to Richland township three
years ago from Newpoint, their for-
mer home. The deceased was the
daughter of Mr. and Mrs. Robert
Carr of Newpoint. She is survived
by the husband and five children,
four girls and one boy. The funeral
services will be held at the Clarks-
burg Christian church Wednesday
morning at 10:30 and burial will be
made in the Rossburg cemetery near
Newpoint.

BACCALAUREATE TO BE PREACHED SUNDAY

The Rev. Clyde S. Black Will Deliver
Sermon to New Salem Graduating
Class.

COMMENCEMENT ON APRIL 29

The baccalaureate sermon for the
graduating class of the New Salem
high school will be preached Sunday
night in the auditorium of the New
Salem school building by the Rev. C.
S. Black of the Methodist Episcopal
church of this city. Everyone is
welcome to attend this service.

The commencement exercises for
the class will be given Tuesday eve-
ning, April 29, in the auditorium of
the New Salem school building. The
address will be delivered by Asa J.
Smith, a lecturer for many years
and also a hero of the world war. He
saw service at Chateau Thierry, Bel-
leau wood and the Argonne forest.
His lecture is sure to be highly inter-
esting and entertaining.

ELEVEN DAYS LEFT TO PAY SPRING TAXES

Total of \$173,662.59 Collected up
to This Morning, Leaving \$125,000
to be Collected.

MANY ARE PAYING BY MAIL

Collection on the spring install-
ment of taxes amounted to \$173,-
662.59 up to this morning, according
to Charles A. Frazee, county treas-
urer, who estimates that there is
about \$125,000 yet to be paid. With
eleven more days, counting today,
of the spring installment period,
which ends Monday, May 5, taxes
must be paid at the rate of \$11,300
a day in order for all to be collected.
The majority of the large land
owners of the county have paid, but
the spring installment has not yet
been met by any of the railroads or
the I. & C. Traction line, all of which
pay large sums. Many taxpayers
not living in Rushville pay at the
bank where they do business, the
sum of \$24,908.57 having been col-
lected in this manner through four
banks.

More and more each year peo-
ple are paying their taxes by mail. If
they sent a blank check, make pay-
able to the county treasurer, the pro-
per amount will be filled in at the
treasurer's office and the receipt re-
turned in a self-addressed and
stamped envelope which the taxpay-
er should forward with the blank
check.

ORDER IS RESTORED.

Berne, April 22.—Reports from
Vienna declare officially that order
has been restored in that city. The
police declare that the disturbances
were caused by Hungarian commun-
ists from Budapest.

ITALY'S PREMIER IS ABSENT TODAY

Clinches Belief Italian Have With-
drawn Pending Definite Action on
Their Claims.

DEADLOCK STILL CONTINUES

Japanese and Chinese Present Rival
Territorial Claims at Afternoon
Session Today.

(By United Press.)

Paris, April 22.—Japanese and
their rival territorial claims at this
afternoon's session of the Big Four.
Premier Orlando was again absent
from the meeting, apparently clinch-
ing the belief that the Italians have
withdrawn from the peace confer-
ence, pending definite action on the
Adriatic question.

Premier Orlando absented himself
from this morning's session of the
Big Four.

In view of the fact that both Or-
lando and Foreign Minister Sonnino
failed to attend the meeting of the
body yesterday afternoon, it was as-
sumed the Italians had temporarily
withdrawn from the conference.

While no official statement was
forthcoming regarding the status of
Italian territorial claims, it was un-
derstood the deadlock continued and
that the Italians had stood aside,
willing or otherwise, to permit con-
sideration of other problems.

Japanese demands for ratifica-
tion of her occupation of Kiao Chau
and the Shantung peninsula presented
a situation paralleling the position
of Italy. It was announced last
night that if the Italians did not ap-
pear before the Big Four, Viscount
Chinda would be heard on the Jap-
anese claims. It was admitted in
Japanese circles that the meeting
must be decided by the Big Four.
Meanwhile, unofficial information
received in Paris tended to show
that Orlando and Sonnino are guided
in their attitude by the internal sit-
uation at home. It was also report-
ed that conditions there are such
that a revolution, either Bolshevik
or republican, is likely soon.

Distribution facilities are poor
and it is said the home nation is
known to be uneasy.

SALES NOT AUTHORIZED

Salvation Army Gets Word About
Impostors in Uniform.

Envoy Frank Gipson of the local
branch of the Salvation Army has
had a letter from headquarters to
the effect that imposters are selling
different forms of pamphlets, using
the name of the army and stating
that a certain percent of the pro-
ceeds goes to the army. The chief
secretary wishes it to be made clear
that the national headquarters has
not authorized and has not consent-
ed to anyone selling pamphlets, song
sheets or anything else by service
men or anyone else through the Sal-
vation Army. As the army is very
popular at present, it is felt that un-
scrupulous persons may be using the
name of the army for the benefit of
their own pockets.

SCHOOL IS CLOSED AGAIN

Clarksburg Pupils Have Symptoms
of Typhoid Fever.

The Clarksburg public school,
which have been very unfortunate
all during this school year, have
been closed again as a result of sev-
eral high school students being out
of school with symptoms of typhoid
fever. It is thought that the water
is not fit for drinking purposes and
a sample has been sent to the State
Board of Health to be analyzed.

TO EXILE FORMER KAISER

Big Four to Bring Him Before International Tribunal.

Paris, April 22—Exile was reported today to have been agreed upon by the Big Four as punishment to be meted out to William Hohenzollern.

As a result it is understood that efforts will be made to bring him before the international tribunal to try him for political crimes and violation of Belgium's neutrality rather than try to extradite him from Holland. In case conviction should be agreed upon, an exile similar to Napoleon will be proposed as punishment.

MRS. CLINT CAMPBELL DEAD

News of Demise of Former Rush County Woman Received.

Mrs. Clint Campbell of near Newport, formerly a resident of this county died Sunday evening, according to word received here. Death was caused by the influenza. She was the daughter of Mr. and Mrs. Thomas Harbert of near Maoy and was united in marriage to Mr. Campbell of Westport in 1905. She is survived by the husband and four children, three sisters and three brothers. The funeral services will be made in the Star cemetery, with the Rev. Mr. Morgan in charge.

Indianapolis, April 22—Members of the state tax board today started hearing express, telegraph, sleeping car transportation and pipe line rates. This group will require three days, after which the commissioners will take up electric street and inter-urban railways.

The chief virtue of sandy soil is that the roots of plants can pass through it readily; its chief fault is that it dries out too quickly. Clay soil holds water well, but it tends to pack and harden. Both types of soil need stable manure—it loosens up clay and helps sand to hold moisture.

Three Million Dollars For a Phonograph

Can you imagine a phonograph that costs three million dollars? MR. EDISON worked for many years and spent more than three million dollars in research work to develop a single model—THE NEW EDISON. If he had stopped and offered this one instrument for sale together with his patents and the secrets of his research work \$3,000,000.00 would be the price that many capitalists would gladly pay for it. But MR. EDISON did not do that. Instead he said "Here it is Boys!" this is what I get the true results with, follow them and make replicas of this model at the lowest possible cost, but don't sacrifice the quality.

1914 and 1919 Alliances.

An address of President Wilson in 1914 on entangling alliances is interesting in the light of developments at the peace conference. The league of nations, as originally proposed, would undoubtedly force the United States in what would be regarded as an entangling alliance. What the new covenant will do can not be accurately stated, because its exact contents are not known, but it can be safely said that it will ally this country with European countries in a fashion exactly contrary to the president's views, as expressed five years ago, as follows:

There are just as vital things stirring now that concern the existence of the nation as were stirring then (to wit, in Washington's time) and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means. America

should live her own life. Washington saw it when he wrote his Farewell Address. It was not merely because of passing and transient circumstances that Washington said we must keep from entangling alliances. It was because he saw that no country had yet set its face in the same direction in which America had set her face. We cannot form alliances with those who are not going our way, and in our might and in the confidence and definiteness of our own purpose we need not and we should not form alliances with any nation in the world. Those who are right, those who study their consciences in determining their policy, those who hold their honor higher than their advantages, do not need alliances. When we go out from this presence we ought to take the idea with us that we too are devoted to the purpose of enabling America to live her own life, to be the justest, the most progressive, the most honorable, the most enlightened nation in the world.

Urban Vs. Rural.

Chicago and Detroit, two of our largest Western industrial centers, have just been confronted with the question of "wet or dry" in an election. Both unhesitatingly voted "wet".

The Chicago question was purely a municipal one. In Michigan the voting on prohibition was state-wide. The state went dry.

The sentiment in rural communities is largely against the sale of liquor. This is probably because the smaller places are more largely American, and the customs of life are simpler. The complex life of a great city, full of the foreign element, and with less social restraint favors the "wet" side. The small places go "dry".

In a state-wide election the small places can always outvote the large

Library Notes

(By MARY SLEETH, Librarian)

The Lure of the Land.

Good food, good air, quiet, health, freedom from worry, the consciousness of doing a work that is vital not only to the United States but to the whole world looking to us for food—these are but part of the farmer's "income".

Dr. Wiley tells all about it in his book, "The Lure of the Land".

The application of business principles to farming are thoroughly explained in Warren's "Farm Management", a book that is useful to every farmer, and one that will especially appeal to the business man who is going into farming.

Soils, crops and animals are the important factors in farming, however, though business principles are necessary for success. Books like "Crops and Methods for Soil Improvement" by Agee, "Swine in America" by Coburn, and "Making the Farm Pay" by Bowsfield, are all practical for study.

Even if a man has only a small plot of land, books like Farrington's "Rome Poultry Book", Poultry Keeping" by Lewis, "Beekeeping" by Phillips, "The Vegetable Garden" and "The Potato" by Grubb, will help feed the family and some of the neighbors.

There are many books on simplifying farm work, on farm machinery, tractors, irrigation, farm buildings, marketing, cattle, bee keeping, fruit and flower growing, and other special subjects that may interest you.

Your Public Library has many of the above books, also Bailey's Encyclopedia of American Agriculture. Ask for them.

COMMISSIONERS CAN EXCEED THE ESTIMATE

Attorney General Rules They Have Authority Under County Unit Law in Building Highway

MAY BUILD MORE THAN ONE.

Ele Stansbury, attorney general, in an opinion submitted yesterday to Gilbert H. Hendren, chief examiner of the state board of accounts, held that under the county unit road law passed by the recent Legislature the boards contract for more than the estimated cost of an improvement. That can be done where there is no statutory prohibition.

"The county unit act", the opinion reads, "provides for the refusal by the board of commissioners to let a contract upon bids filed. The board then can amend the specifications, adopt them as amended and then give notice of a reletting of the contract. I think that is the only way for them to amend the specifications."

The attorney general held that there is nothing in the act to prevent the improvement of more than one highway at a time.

 FRANK C. GEORGE.

Peggy Hyland in "The Rebellious Wife" and a comedy showing Mutt and Jeff in "Pot Luck in the Army", is the offering at the Mystic theatre tonight. Tomorrow Frank Keenan in "The Silver Girl" and a two reel comedy will be shown. Thursday "The Millionaire Pirate", featuring Monroe Salisbury, is advertised.

One of the finest settings ever supplied for any motion picture, is the court room scene in "Out of the Shadow", the latest Paramount photoplay starring Pauline Frederick, which will be displayed for the first time in this city at the Princess theatre tonight. The set is the replica of Part one, Court of General Sessions in New York City, one of the most elaborately appointed tribunals in the country.

It is in this court room that Ruth Minchin, the part played by Pauline Frederick, is tried for the murder of her drunken husband who has treated her brutally from the date of their marriage. She is acquitted because of lack of evidence to convict, and to disabuse the public mind as to her guilt, she begins a quest for the assassin and finally prevails upon the real slayer, a pianist, to confess the murder. Miss Frederick is finely supported, her leading man being Wyndham Standing.

Tomorrow "When a Woman Sins", featuring Theda Bara is the offering.

G.O.P. IS A PARTY OF CONSTRUCTION

Senator Watson Says Republicans Will Not Wage Campaign on Weaknesses of Opponents.

SPEAKS AT PERU MEETING.

Reiterates Opposition to League of Nations as First Made Public by President.

Peru, Ind., April 22—Senator James E. Watson addressed a Republican assemblage of 1,200 persons at the Wallace Theatre here last night having responded to an invitation from the new Republican organization in Miami County. The senator touched on the league of nations saying that he is unalterably opposed to the construction of the league of nations as brought back by the President. He also said that he believed that the Senate would continue to oppose any schema for an international league that undermines our sovereignty or amends any portion of our constitution or transfers any portion of our governmental authority to any superstate or any combination of nations.

He said he favored any kind of an international agreement looking to arbitration, conciliation or disarmament that does not interfere with American sovereignty.

"I personally believe," he said, "that the prevention of war and the maintenance of peace are entirely consistent with a sound and thorough going Americanism."

In speaking about the coming campaign he said the Republican party, while loyal to the national administration during the war, reserves the right to criticize its many blunders. Its sectionalism, its extravagance, its grasping power, its incompetency and inefficiency in preparation and organization are all subjects of just criticism, he asserted.

"But the Republican party is a party of construction," he said "and it will not seek to wage the next campaign wholly upon the weaknesses of its political adversary, but will appeal direct to the country upon the policies it will propose for the immediate future of the nation."

Senator Watson touched on the government control of the railroads, telegraph, telephones and cable systems, and said that the next Congress would demand these properties be returned to private ownership. He closed his speech with an appeal for the Victory Loan.

President Tries to Effect Agreement Between Industrial Board and Railway Body.

SENDS INSTRUCTIONS ALSO.

Washington, April 22—President Wilson made every effort to effect an agreement between the industrial board and railway administration to bring about lower prices, it was stated at the white house today.

The president sent a cablegram to the industrial board, urging them to try further to reach an agreement with the railway administration. It was learned that the president has sent instructions on the matter to Director General Hines. The nature of the instructions was not revealed. As a result, however, Director General Hines has appointed Judge Robert S. Lovett to represent him in further conferences with the industrial board.

THE MAUZY COMPANY

THIS Is AN ERA of HOME DEVELOPMENT

Meeting this new impulse, this new sense of appreciation of the importance of the home, we announce

Our Wonderful Showing of Floorcoverings and Draperies

These departments are teeming with things needed to make the "Home Beautiful" a realization. This is the time of the year when milady instinctively turns her attention to the rejuvenation of the house. She is tired of the dirt and grime of winter. She wants new curtains, new draperies, new carpets, new rugs. Here she will find everything she needs or desires to make the home prettier and more attractive. An offering of carpets and rugs of special appeal to discriminating home keepers—those who want their floorcoverings to be expressive of good taste and harmony of color—floorcoverings of character and serviceability.

Carpets

It is splendid taste to cover the entire floor. Our confidence in carpets is evidenced by the many rolls of Axminster, velvet and tapestry carpets carried in our stock ready to be made up instantly.

Rugs

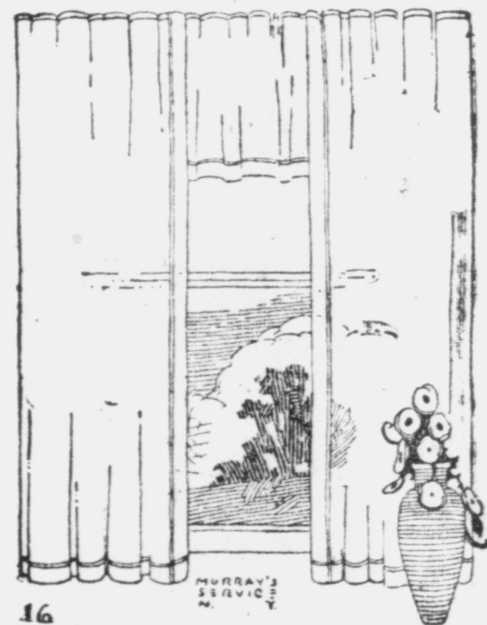

Scores of neat and distinctive designs in the better kinds of rugs are here to claim your attention. The merits of our rugs sell themselves. All are moderately priced.

Window Shades

No small feature of the house are the shades. Our output is enormous. There must be a reason. "Victor Shades" have made many friends. They are very dependable and no higher than the mediocre.

Linoleums

You are not limited in your choosing. Fifteen patterns of 12 feet linoleum to select from. Good linseed oil linoleums with sturdy burlap backs.

Get Your Name in Now

There is always a rush at this season of the year. Should you desire anything made up, laid or hung, it will be well for you to anticipate your requirements. We are proud of the workmanship that accompanies any sale made in these departments.

The Room Seems Brighter, the Air Fresher with

New Curtains and Draperies

Woven within the folds of the new draperies are almost unlimited decorative possibilities with designs and colorings adaptable to any room in the house.

Sectional lace panels evidence very good taste and we show a number of patterns in white, ivory, or arabian. Ready made curtains in scores of patterns.

We have just received a new shipment of handsome overdraperies. Many are silk in exquisite shades. Others are in harmonious combination of colors, showing new ideas throughout.

We can not begin to give you any idea commensurate with ample assortments of cretons, tapestries, nets, marquisesettes, voiles and swisses.

Let us solve your drapery problems.

IMPROVED MILK FOR STATE

Three committees Meet Today to Discuss This Object

Indianapolis, Ind., April 22—Improved milk for Indiana was the object of a meeting today of committees of the state board of health, the Indiana State Dairy association and the Indiana Manufacturers of Dairy products. The meeting was called as the result of action taken recently at a convention of the dairy products manufacturers at which a campaign for better milk produced under sanitary conditions was launched.

The manufacturers were to present a set of rules governing the production of milk.

WEATHER FOR THE WEEK.

Washington, April 21.—There is some prospect of rain on Tuesday or Wednesday. Otherwise the week will be fair with nearly normal temperature.

STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder".

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results".

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

CAN PAY REASONABLE INDEMNITY ENTENTE

Germany Can Carry Tremendous Interior and Exterior Debts if Not Excessive.

CAN'T PAY FRANCE'S DEMANDS.

Paris, April 22—Germany can pay a reasonable but not an excessive indemnity, President Havenstein, of the Reichs bank declared today in discussing the situation concerning Germany. France need not fear German militarism, as the government cannot effect damages itself.

German workmen are "absolutely crazy". They will only go to work when their need is becoming great, he said. Only a quick peace and America's help can avert Bolshevism.

"Germany can carry tremendous interior and exterior debts if the entente demands are not excessive. We cannot pay the figures France demands. They are outrageous. We cannot stand for robbery of the Saar Valley in addition to the loss of Alsace Lorraine. It would leave us without materials. But we cannot expect anything from the Latins".

NOT TO HOLD GEORGE WASHINGTON AT BREST

Liner to be Sent Home Loaded With Troops—Arizona Will Remain at Brest.

WILL ISSUE CALL IN MAY.

Paris, April 22—President Wilson has decided not to hold the George Washington at Brest, it was learned from authoritative sources today.

The liner, it was said, will be sent home loaded with troops. Her escort, the Arizona, will remain at Brest ready for a quick trip if necessary.

President Wilson, impressed by the great numbers of soldiers waiting to come home, determined it was best not to keep the big ship idle.

The belief is now expressed that May 20 probably is to early for the president's return and as a result his call for an extra session will be issued some time in May, with the president sailing between May 20 and June 1.

MUSIC TEACHERS MEET.

AVERAGE VALUATION BEING MAINTAINED

Two Weeks Report of County Assessor Reveals That Assessments are Held up.

WASHINGTON UP TO AVERAGE.

Average valuations placed on personal property by township assessors and their assistants in Rush county, are continuing at about the same figure as during the first part of the assessing period, according to the last two weeks report mailed to the state tax commissioners by Earl Priest, county assessor.

Washington township, which was below the average the early part of March, has been brought up to the average for the county. It must be understood that these averages are for all kinds of property and for all ages and classes of live stock. The following averages for household goods, automobiles and horses are slightly lower than the two weeks average just preceding, and those for cattle, hogs, sheep and farm tools are slightly higher:

Horses, \$108.68; cattle, \$63.20; hogs, \$18.92 a hundred; sheep, \$10.33; automobiles, 372.71; farm tools, \$220.90; household goods, \$153.56.

ARE STRANDED IN LONDON

Thousands of Americans in England Owing to Lack of Transport

(By United Press.)

London, April 5. (By Mail.)—

Thousands of Americans are stranded in England, unable to get home, despite important business and family engagements in the United States, owing to lack of transport. All the shipping companies are booked up to the middle of May, and reservations are daily becoming more difficult to obtain. The

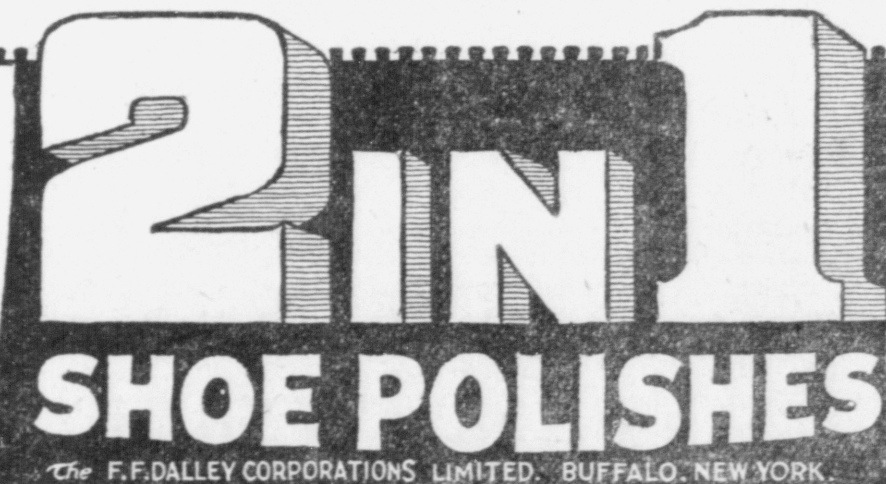

shortage of accommodation is due to the large numbers of American and Canadian soldiers and their wives who are returning home, according to shipping officials.

The American hen laid 40,000,000,000 eggs last year and the outlook for the present year is said to be even better.

TURN "BUSY BERTHAS" INTO VICTORY MEDALS

Workers of the Victory Liberty Loan
Will Be Decorated for Helping
Uncle Sam in the Big
Victory Drive.

The "busy Berthas" that spat their hell at Verdun are silent. Their fate has been decreed. They are to become medals of honor conferred by the treasury department on volunteers in the Victory Liberty loan army.

The mighty Krupp masterpieces are being melted up to make Victory Liberty loan medals. On one side of the medal will be a reproduction of the

Treasury building, and on the reverse side will be certification of the worker's participation in the loan drive. Space is left for the name of the recipient, to be engraved on the medal. The medal will be about the size of a half-dollar.

Purchasers of Victory loan securities will not receive these medals, as the bonds are intrinsically worth all the buyer pays. However, those who volunteer to sell the Victory issue to their neighbors and associates will be

awarded one of these medals. The only restriction is that the medal will go only to those who in advance of the drive are authorized to perform the work of distributing the Victory Liberty loan among the people.

If you want one of these medals, your Distinguished Service Cross as it were, for service in Uncle Sam's financial army, it behooves you to hustle over and see the chairman of your Victory Liberty loan campaign and tell him you are on the job.

Some of the medals have just reached the Seventh federal reserve district. A large quantity of them will be available for distribution before the campaign begins.

Many Prominent Military Leaders and

Victory Loan.

Fresh interest is contributed to the coming Victory Liberty loan campaign by the announcement that many eminent military leaders and statesmen will come here from Europe to speak for the loan.

It is reported that the great interest and support evinced by the alien population in previous loan drives is responsible for the decision resulting in the speakers being brought here.

Felix J. Streyckmans, federal reserve director for the Liberty loan foreign language division in the Seventh district, on his return to the district headquarters in Chicago, after conferences in Washington, issued the following statement:

"Many prominent Europeans will visit this country during the coming loan drive and bring the message of victory to their Americanized countrymen. I regret that I cannot announce names at this time, but they will come through Washington after acceptances have been received. The invitations are being sent through the state department, working in conjunction with the diplomatic representatives.

Choked by gas from the high explosive shell, he left the tank and took cover in a shell hole thirty yards away. Seeing that the officer did not follow, and thinking that he might be alive, Corp. Call returned to the tank under intense machine gun and shell fire and carried the officer over a mile under machine gun and sniper fire to safety. Lieut. Call's home is at Larchmont Manor, N. Y.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

Home Gardeners Will Teach
Youngsters Nature Knowledge

Junior gardeners and members of the boys' and girls' clubs were important factors in increasing America's food supply the past year. In many cities this work has been joined with the school-garden movement. This kind of work not only produces more food but teaches the youngsters self-dependence and the value of work.

Teachers have reported that the effort with the boys and girls has been more than repaid by the knowledge of nature gained by the pupils.

Both the Bureau of Education, through the schools, and the United States Department of Agriculture, through the boys' and girls' clubs, are giving official help to the junior garden movement.

Dr. Elbert Morris of Milroy Arrested on Greensburg Charges.

Dr. Elbert Morris, a veterinary surgeon of Milroy, is out on \$200 bond from the Decatur circuit court at Greensburg, having been arrested on two affidavits charging him with operating an automobile while in an intoxicated condition and with driving an automobile at a speed in excess of twenty-five miles an hour. The affidavits were filed by Dr. Carl Hall, a Greensburg veterinarian, whose car Morris ran into near Sandusky several days ago. Joseph Green, a farmer of near Milroy, went on Dr. Morris' bond.

The king was in the counting house, counting up his cash.
The queen was in the garden, clearing out the trash.
The princess—ah! the princess—she was sowing garden seeds;
Home came the king, then, to help them pull up weeds.

Which has nothing directly to do with good gardening, but it does suggest a pretty picture, with a home garden as the background. And it may be typical of the many pretty pictures that grow out of gardening. There are dusks and dawns, with their shy lights and high lights—for gardening does take one forth into the freshness and beauty of the dawn more frequently than would otherwise happen. There are pictures of sky and cloud that would otherwise be missed—for gardening, though it may be of the earth, earthy, takes the thoughts and the eyes to the heavens.

But those and others like them are pictures painted for an hour or two. There are others of a more permanent sort—transformations that endure. Roses are painted into the cheeks of the queen and the princess. Some tan may take the place of the pallor of old. Together, they make the glow of good health that lasts not only while the garden does, but on into the winter evenings around the fire, and on into other years. Indeed, if you look into your garden pictures past what the artists call "the middle distance", you may see good health and happiness and prosperity painted there for all the rest of the lifetime of those who do the gardening.

FOR BETTER ROADS

PROPER DRAINAGE FOR ROADS

Tile Drains Are Much Superior to Open Ditches or Those Filled With Stone or Gravel.

(Prepared by the United States Department of Agriculture.)

Open ditches have been used frequently in some of the southern states for subdraining roads through low, flat sections. Ordinarily only one ditch is used, and it is located a few feet outside of and parallel to the road. This ditch usually is made about two feet wide and three to four feet deep, with vertical banks. The material excavated from the ditch is used to build up the roadbed, and the surplus water from the side ditches is turned into the deep ditch at convenient intervals. The use of such ditches

Good Road Leading to a Farmhouse With a Good Stand of Grass on Each Side—Very Few Weeds in Evidence.

should be decided upon with care. There are ditches in the South, within the coastal plain, where sand clays and indurated clays occur a few inches underground, that have stood with vertical sides since the middle of the last century. They have been cleaned repeatedly, and no doubt have become somewhat enlarged, but considering the cost of maintenance and the service given, they have been entirely satisfactory. In other soils of a gravelly nature, however, the sides of such ditches would not stand, and the cost of keeping them clean would be excessive. In certain localities the open ditch soon will become obstructed by the banks breaking away and by the growth of vegetation, and is very seldom economical in the long run.

Ditches filled with broken stone or gravel sometimes are used as a substitute for the tile drains. These have been used in all sections of the country, and when properly constructed usually have proved satisfactory for a considerable period of time. When such ditches are used it is common practice to place one on each side of the road immediately under the open ditches. They are excavated to a depth of two to three feet with vertical sides and usually are made about eighteen inches at the top or just wide enough for a man to work in them conveniently. To be effective they must have a uniform grade and be carried to a suitable outlet.

Tile drains in general are much superior to either open ditches or ditches filled with stone for subdraining roads, and though generally more expensive than either open or stone drains, they usually can be constructed at comparatively small cost. As a rule the tile need never be over six inches in diameter, while for ordinary conditions a diameter of four inches is sufficient.

CHECK ON ROAD ENTHUSIASM

Building of Highways That Will Not Wear is Very Discouraging to Taxpayers.

There is only one cause that can check the enthusiasm, now so evident, for good roads, and prevent a steady development in construction. This is the building of roads that will not wear. It is very discouraging to taxpayers to appropriate money for road building and then to have roads constructed that wear out long before the bonds are paid off. Yet this has occurred in many instances.

MONEY FOR COLORADO ROADS

Bill Now Pending Before Legislature Calls for \$20,000,000 for Better Highways.

Colorado business men recently united in a movement for a \$10,000,000 bond issue. After getting well into the campaign they discovered their chief opposition was in a general criticism because they asked for too little. The bill now before the legislature calls for \$20,000,000.

LIEUT. GORDON REESE

THREE HURT IN SMASH.

Marion, Ind., April 21.—Fifth and Race streets here at 9:45 o'clock last night was the scene of a crossing accident, in which an International car wrecked a small automobile, probably fatally injuring Bert Calvin. Mrs. Armina William and Mr. and Mrs. John Hunt, Amos H. Baker, driver, escaped with slight injuries.

CONNERSVILLE HAS MEET

Three Teams Will Compete for Honors on May 2nd.

A triangular track meet in which the schools of Rushville, Liberty and Connersville will take part will be held at Connersville on Friday, May 2, according to an announcement received here. Following the meet, plans are being made to hold a declamation contest at night at which appropriate awards will be given. The co-operative idea which has been brought into being by the three principals of the schools is to continue indefinitely. It is also thought that the district track meet will be held at Connersville, Saturday May 17.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuritis, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50

STIFF FIGHT IS EXPECTED

Three Men Charged With Violating Prohibition Law.

Indianapolis, Ind., April 22—Van Packer and William Lukeman of Evansville and William L. Homach of Fort Wayne were expected to put up a stiff fight against the prosecution in federal court today. The three men are charged with violating the national prohibition law.

Judge A. B. Anderson recently refused to sustain pleas of abatement by the two Evansville men and subsequently refused to quash the indictments returned against them by the federal grand jury. These cases were expected to be among the hardest fought in the long list of liquor cases. They pleaded not guilty.

AMERICANS MAKING GOOD AT SIXTY-FIVE

Don't worry about old age. A sound man is good at any age. Keep your body in good condition and you can be as hale and hearty and able to "do your bit" as when you were a young fellow.

Affections of the kidneys and bladder are among the leading causes of early or helpless age. Keep them clean and the other organs in working condition, and you will have nothing to fear.

Drive the poisonous wastes from the system and avoid uric acid accumulations. Take GOLD MEDAL Hearlem Oil Capsules periodically and you will find that you are as good as the next fellow. Your spirits will be rejuvenated, your muscles strong and your mind keen enough for any task.

GOLD MEDAL Hearlem Oil Capsules will do the work. But be sure to get the original imported GOLD MEDAL Hearlem Oil Capsules. They are reliable and should help you, or your money will be refunded. For sale by most druggists. In sealed packages three sizes.

Maxwell

—a car made of more brains than metal

SO much material and so much labor go into every car. And so many bookkeepers record the business done. Have you ever stopped to consider the brain power that goes into a car?

Take the Maxwell, and note such men as these employed in its development:

1. The originator of quantity production in the automobile business and the master mind in the employment of machinery to produce quantity.
2. One of the two leading production men in America.
3. One of the two leading metallurgists in America.
4. One of the leading foundry engineers in America.
5. Probably the leading cost man in America.
6. A road testing engineer that has driven a car further than any living man.
7. An accountant that keeps a daily balance in a business that exceeds \$50,000,000 a year.

These are but seven of more than thirty men of exceptional capacity who team together in the operation of the Maxwell business. The career of any one of these men furnishes a great human story.

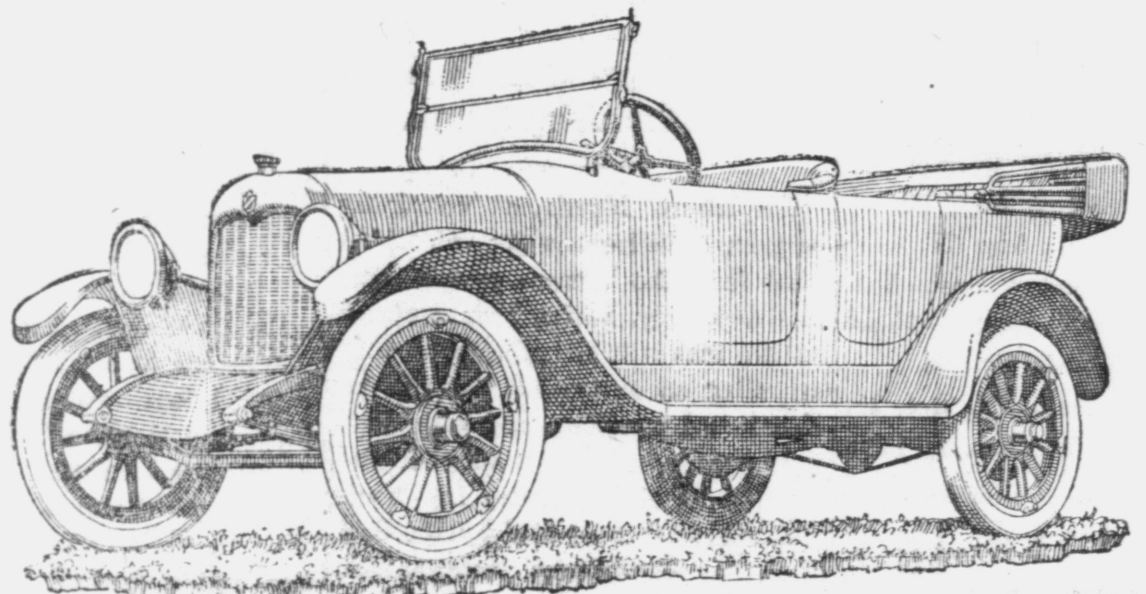

The result is evident in the Maxwell of today —a car with a lineage of 300,000 before it. All designed and built on the original chassis program.

It is a car that grows better day by day.

Because more brains than metal are put into it.

More miles per gallon
More miles on tires

Weighed and Not Found Wanting

Hogs fed FAT BACK require less than 400 pounds to put on 100 pounds of pork. Fed corn alone it takes from 10 to 13 bushels to make the same gain. A recent exhaustive corn experiment on hogs in Iowa showed a 100 pound pork cost of \$18.40. Corn was figured at less than \$1.70.

FAT BACK puts weight on cheaply and quickly. It keeps your porkers in prime condition. It's feeds mixed—not lopsided, as its nutritive ratio of 1 to 3.7 shows. Don't burn your pigs up with too high a protein feed. Weight is not wanting when FAT BACK is fed. Buy and buy FAT BACK Hog Feed from us.

GREAT GUNS!—WHAT MAIL

Uncle Sam Will Carry a Whopping Load of Reading Matter About Victory Liberty Loan to His Prospects.

Two hundred and fifty tons of first class mail!

That is the staggering weight of the matter which Uncle Sam will distribute throughout the Seventh federal reserve district in giving "scientific billing" to the Victory Liberty loan.

To insure maximum efficiency in the distribution of this enormous amount of propaganda material the distribution bureau of the department of publicity for the Seventh federal reserve district has evolved the following scheme, based on the most reliable figures obtainable. The estimated population of the district is 14,246,503 divided as follows:

Divisions	Population	Per Cent of Total
Cook county (Illinois)	2,858,481	21.18
Illinois (outside Cook county)	2,168,344	14.75
Indiana	2,239,492	15.23
Iowa	2,219,069	15.60
Michigan	2,744,490	20.03
Wisconsin	2,018,647	13.72
Total	14,246,503	100.00

The above districts are divided into counties, the county being the unit of distribution. There are 339 counties. Each has a chairman. He receives all the propaganda allotted to his district based on the proportionate population, and his own working organization see to it that all "live space" is properly filled. Here are a few facts regarding the whirlwind machinery of distribution:

Twenty thousand square feet of space are necessary for addressing and mailing room.
The distribution bureau has its own post office.
Three hundred men work day and night.

One million posters will be mailed in four-pound packages.
Eight million Victory Liberty loan buttons will be handled.

Two million circular letters to bondholders of previous Liberty loan issues will be mailed.

Five million letterheads and envelopes to bond salesmen will be distributed.

Tens of thousands of automobile owners will receive windshield stickers advertising the loan.

It has been officially announced that the drive for the sale of Victory Liberty loan bonds will start on April 21. If careful plans of the distribution bureau carry through every American on the morning of April 14, at least a week before the drive, will be greeted with the nation-wide injunction, "Finish the Job."

HELP "FINISH THE JOB."

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons
Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours thankfully,
Fowler, Indiana
Dec. 4, 1918
C. S. Martin

P.S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or cold, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

TAKE EATONIC TODAY

FOR YOUR ACID-STOMACH

NOTE—Over 20,000 drug stores throughout the United States sell and guarantee EATONIC. If you cannot obtain EATONIC quickly at your drug store, do not be without it. Write us and we will mail you a 14c box at once and you can send us the box after you get it. Address: EATONIC REMEDY CO., 1044 South Wabash Avenue, Chicago, Ill.

It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. Ask for a test of FRANKLIN comfort, ease of handling, all-around usability on a poor road in this vicinity.

GEN. MARCH HELPED GET NEWS QUICKLY

He Was Given Most Credit for Aiding in the Transmission of News to This Country.

HE WAS THE CHIEF CHANNEL

All Agree That the Strict War Censorship Caused a Great Deal of the Delay

(By United Press.)

New York, April 22.—Gen. Peyton U. March, chief of staff of the U. S. Army, was given great credit today for keeping the war news avenue open to the public, by Marlen E. Pew. Pew was the director of the war department news bureau during the war and has just returned to New York to resume his work as editor of the Editor and Publisher. In his position at Washington he was the chief channel whereby news from the war department reached the public and was in close touch with the entire censorship problem. For years Pew was an active editor of daily papers.

Discussing the censorship Pew said:

"Nearly every army officer and newspaper correspondent I have talked with upon their return to Washington from the front have been in agreement as to the evil effects of censorship as effecting the civil population. The ancient code of secrecy as to military operations has been pretty well exposed as inefficient and, in fact, reacting more against the nation subscribing to it than in the interest of the enemy. I vividly recall a conversation with a correspondent of the United Press early last summer upon his return from France, after having visited nearly every sector of the Western front and after four years' almost continuous attachment to the armies of both the Central Powers and the Allies. He had motored from New York to Washington and had inspected the tremendous Army, Navy, and Shipping Board war production enterprises along the seaboard. He told me of his amazement at the scope of these diversified operations and exclaimed: 'I would to God that I had Ludendorff with me on that trip—Germany's war plans would collapse tomorrow.' Subsequent events, of course, proved that the war plans of the Central Powers did not take into account our tremendous scheme of war and that when Germany did understand our military potentiality, through contact with the advance operations of Pershing's forces, she capitulated.

"Censorship was trusted by the Allies, who were our military guides in this war as a means of preventing the enemy from matching military plans and discounting them. There is, of course, an element of advantage in that, but it has always been a question with me whether this advantage was as important as the positive advantage of possessing the complete co-ordinated and faithful support of the civil population, which is only possible as the people understand the plans and issues of the war.

"As a matter of fact the liberality of our government as to military censorship has been unexampled in history. We were successful with the Voluntary Censorship—the newspapers were their own best censors, as far as they went. My own opinion is that they did not go far enough in the constructive sense, through publication of the tremendous scope and detail of our war production. On the other hand some damage was done through mistaken publicity. I have in mind such unauthorized and ridiculous publications as the demand for a 'hundred thousand planes, to blast Germany from the map.' This was heroic talk, but it hurt the American interest. It was never dreamed of as a possibility. Some 40 men were required on the ground for every plane in the air, hence 100,000 planes would have required an army of 4,000,000 men at least. Plane production was new to us and highly experimental—it is today. If the same newspaper space that went for these absurd demands had been devoted to a recital of actual and potential war production, civil morale would have been stiffened and if the matter had leaked by any channel into Germany, the effect would have caused consternation rather than amusement, as the 100,000 planes story did, judging from the accounts of German newspapers sent out as propaganda by wireless from Nauen.

"The attitude of the War Department has been to conserve the principle of candor with the people, through the press, except on news agreed upon as obviously of advantage to the enemy and real disadvantage to our war cause. For instance, it was plainly a mistake to publish troop movements overseas while the German U-boat campaign offered a possibility of use of such information, though how, with all our watchful care, such information could leak to the enemy has never been clear to me. However there was a chance in it and no one wished to sponsor such information, the newspapers included.

"The right of the people to know of the conduct of their business at Washington was met with the highest idealism by the Secretary of War. Never was there an instance when, so far as the people of the United States were concerned, he so much as remotely suggested the suppression of unfavorable news. Mr.

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

At stated intervals he met the newspaper men, talked freely to them, answered their questions and acted in every way to keep the lines open to the people. Young officers who through zeal attempted either to apply the press gag or to exploit the press for the disproportionate aggrandizement of their army branches, were easily dissuaded from that course through War Department orders.

"As a newspaper man who has been permitted to rather closely view the war operation at Washington it is a matter of the greatest pride that the highest ethics of journalism were met and conserved by the War Department and the army."

"Much is said of the 'Iron Silence' of military men—their devotion to the principle of secrecy. I have not encountered much of that among the high officials of our army. There is, for instance, no more ardent supporter of open dealing with the people through the press than Gen. Peyton U. March, Chief of Staff. He has often said, 'I believe wholly in the right of the people whose army it is, to know about their army.' For many years Gen. March held to the belief that the general attitude of military

LENTZ DRAWS 90 DAY'S ON "FARM"

Indianapolis Man is Also Fined \$100 and Costs by Mayor Irvin for Transporting Booze.

ASKS JUDGMENT BE WITHHELD

Mayor Learns in Meantime Lentz has been Through Here With Booze Since Episode Mar. 27

Frank Lentz, of Indianapolis, was fined \$100 and costs and sentenced to 90 days in the penal farm for transporting liquor into dry territory from Ohio. Lentz was arrested in Indianapolis yesterday morning and Chief of Police Seward brought him here late yesterday afternoon for trial in Mayor Irvin's court.

Lentz testified that he was the driver of the machine at the time it struck the rear end of the Pimell-Tompkins lumber truck at the corner of Second and Main streets on the evening of March 27. He stated that the machine had been bought by him for the purpose of running a taxi and he had hired a man called "Shorty" to drive it for him. "Shorty" went to work one morning and that evening wired Lentz from Cincinnati, stating that he was drunk and wanted him to come and drive his car back to Indianapolis for him, according to the story. Lentz said that he went to get his car and it was he who ran it into the lumber truck here.

He stated that he abandoned the car and he and "Shorty" boarded a train at Arlington and went on to Indianapolis. After the mayor intimated that he would fine him \$50 and sentence him to 60 days at the state farm, he asked through his attorney that the mayor wait until eight o'clock this morning to pass judgment.

In the meantime the police began to investigate and had men to identify Lentz as the man who had passed through here several times previous and as having made trips through here afterwards in a big car. At eight o'clock this morning he was given the sentence of 90 days to the state farm and fined \$100. He will be taken to the farm tomorrow to commence serving his sentence.

PARKING LAWS DISOBEYED

Mayor States That They Will be Enforced Hereafter.

The mayor also wished to call attention to the fact that machine owners are becoming careless about parking their cars. The police have been ordered to keep the alleys free from parked machines as no parking space is provided for in alleys by the ordinance. The police have also been instructed not to allow any more double parking as has been the custom of many in the past. It is pointed out that when the machines are parked thus in case of fire it would be impossible for the department to make the run as the street would be almost completely blocked.

ATTENDS 4 DAY ROUND UP

Merrell Reddick Only Rush County Boy at Purdue.

Merrell Reddick, winner of the Center township pig club contest, went to Lafayette yesterday to attend the four day "round up" of boys and girls agricultural clubs at Purdue university. Demonstrations and lectures will be given and the club winners from all over the state will tell how they won their prizes. Center township had the only boys pig club in the county last year. It was organized by Marion Detrick.

Nicholson company also won a judgment of \$93.89 against Martin I. Miller, who was sued for \$150 on an account.

The case of Joseph H. Berry against Walter G. Duke, deceased, alleging breach of warranty, was dismissed by the plaintiff and the costs paid.

CHAUTAUQUA LOST \$25.64 LAST YEAR

Annual Report Showing Receipts of \$4,254.69 and Expenses of \$4,280.33 Submitted.

DIRECTORS HOLD MEETING.

The Rush county chautauqua was conducted at a loss of \$25.64 last year, according to the report of the secretary, Arle M. Taylor, which was submitted to the board of directors at a meeting last night in T. M. Green's office. Total receipts amounted to \$4,254.69 and disbursements totaled \$4,280.33.

The principal items of expense were: taken \$3,322.15; insurance, \$35.64; war tax, \$365.32; advertising and printing, \$197.22; policemen, \$78; gatemen, \$52; secretary, \$25; ticket seller, \$21.50; janitor, \$34.50; jitney, \$35; piano, handling of and freight, \$28.50; all other incidental expenses, \$85.20.

The board made arrangements to rent the coliseum to the United Brethren church for a two weeks meeting.

FOURTEEN COUNTIES IN STATE MAKE GOAL

Wider Distribution of Victory Loan Indicated in Messages Received at Washington.

HARD WORK IS NECESSARY.

(By United Press.)

Indianapolis, Ind., April 22—With the opening of the second day of the Victory loan campaign, eleven of the sixty-eight Indiana counties in the Seventh federal reserve district officially have reported to state loan headquarters their quotas subscribed amounting to \$6,669,000 of the quota of \$81,562,500 for the district. Reports from Jackson, Switzerland and Greene counties, which are in the Eight federal reserve district, show they have reached their quotas, so that a total of fourteen counties in the state have reached their goal.

Sales are Smaller

Washington, April 22—Wider distribution of the Victory loan was indicated today in the first reports to the treasury officials from smaller communities.

Sales, however, were smaller. Distributions is what the treasury heads wanted, believing the greater the distribution the less the resales after the campaign closes. "Hard work will be necessary to float the Victory issue". This message was telegraphed to federal reserve districts and state campaign leader, resulting from over night work. The telegrams, received overnight, were more encouraging.

SALES REPORTED

TOTAL \$29,150

Victory Bond Subscriptions Much Larger Due to Volunteers Who Bought at Banks.

ORANGE IS SHOWING THE WAY.

Sales Amount to \$21,300 Today, Almost Half of Which Was Sold by Miss Erma Tevis.

With reports from parts of only two townships, subscriptions to the Victory Liberty loan officially tabulated, today amounted to \$29,150, one-third of which was raised by a woman.

To Miss Erma Tevis of Orange township belongs the credit for selling \$12,000 worth of the 21,300 worth of Victory bonds disposed of in Orange township.

The remainder of the subscriptions, \$7,550, was from Anderson township, of which \$5,300 was reported this morning. This township reported sales amounting to \$2,500 the first day of the campaign and was the only township to be heard from until Charles Owens brought in a report from Orange township this afternoon to T. M. Green, county director of sales.

Township chairmen are urgently requested to inform Mr. Green of the progress of the campaign daily so that it will be possible to keep in touch with the way the bonds are selling. Conditions were never better for selling the county's quota of \$25,000 right off the bat and county loan officials are anxious to know how near the townships are to their goal.

It is doubtful if any woman worker will approach the mark set by Miss Tevis of Orange township in selling \$12,000 worth of bonds the first day of the campaign. Of \$21,300 worth reported from Orange township \$15,050 was sold in the road district in the southwest corner of the township.

While the sum reported seems small, it does not represent the bonds which have actually been sold because of the large number of sales made through the banks of the county, which have not made reports to Mr. Green. It is known that more than \$100,000 worth of Victory bonds had been taken by volunteer subscribers through the four Rushville banks before the campaign started, and these have been augmented by many more volunteers yesterday and today.

Buttons to be worn by subscribers who did not have to be solicited, have been received and will be distributed among the banks, to be passed out to customers entitled to them.

Eight German helmets which the "victorious" German army planned to wear in Paris, have been received by Earl H. Payne, county chairman, and are on display in the Rushville banks. They will be used as trophies to be awarded bond salesmen.

A letter also reached here this morning, announcing that fifty medals made of metal from captured German cannot, were being shipped and may be used for the same purpose as the helmets.

A consignment of honor flags to be awarded to towns, cities and townships when they reach their quotas, have been shipped and are expected in a few days.

JOE JOHNSON IS DEAD.

Word has been received here of the death of Joseph P. Johnson of Indianapolis, which occurred this morning at two o'clock. The funeral arrangements will not be completed until his son arrives from Portland, Oregon. Mr. Johnson is well known here, being the brother-in-law of Mrs. John C. Blackledge.

NATIONAL GUARD

TO BE REIMBURSED

Rush County Council of Defense Aided Men in Receiving Immediate Attention.

OF INTEREST TO LOCAL MEN

General Smith States That More Than 2,000 Men Will be Paid What is Coming to Them.

Since the question of reimbursing the members of the Indiana National guard has been brought to the attention of the proper authorities, through the Rush county Council of defense after many complaints were made by soldiers from this county who were members, they are to be reimbursed for the uniforms they bought with their own money. At the time the United States entered the war these men bought their uniforms with the understanding that the federal government would return the money to them later.

Harry B. Smith, adjutant-general of Indiana, announces that the men will be paid within a short time. He is sending blanks to the commanders of the companies in which the men bought their own uniforms and other equipment. Soldiers may obtain these blanks by making their claim with the man who was company commander at the time the uniforms were bought. The requests must be approved by the company commander and on presentation at the office of the adjutant-general of Indiana, at the state house, will be certified to the state treasurer for payment.

Provision is made with the state for reimbursing the guardsmen in accordance with a law passed by the last legislature. The recent law contained an emergency clause and now general Smith is ready to carry out its provisions. The duty of reimbursement rests upon the federal government but on account of the delay this would cause, the states have been asked to be allowed to pay this sum to the men and then the federal government will in turn pay the state.

General Smith states that there are about 2,000 Indiana soldiers who bought uniforms or other equipment at a cost ranging from 10 cents to \$13.50.

NERVOUSNESS SEEN IN ITALIAN CIRCLES

Cabinet Members After Today's Session Say They are Awaiting Decision at Paris.

POSTPONEMENT, CONCESSION

(By United Press.)

Rome, April 22—Following the cabinet session this afternoon several members were questioned regarding the situation in Paris. All replied that they were constantly awaiting the decision. They were said to be awaiting the decision on Italian claims with exceeding nervousness.

The keynote of the public speeches in celebrating the nation's 2,672th birthday, was annexation of Fiume and other Adriatic cities.

Postponement of the opening of the Italian parliament announced yesterday was generally regarded today as the maximum concession on Italy's part in regard to her territorial claim. It was pointed out that this would permit the Big Four two more weeks for further consideration. Beyond granting this additional time, Italy's unwilling to accept any further demands.

Unofficial reports stated that Italy is prepared to undertake military occupation of the disputed territory.

MRS. O. H. BOKLEMAN DIES

Expires at Her Home in Richland Township of Flumonia.

Mrs. Otto H. Bokleman, age 30, died at her home in Richland township yesterday afternoon at 5:30, death being due to influenza and pneumonia. Mr. and Mrs. Bokleman moved to Richland township three years ago from Newport, their former home. The deceased was the daughter of Mr. and Mrs. Robert Carr of Newport. She is survived by the husband and five children, four girls and one boy. The funeral services will be held at the Clarksburg Christian church Wednesday morning at 10:30 and burial will be made in the Rosshurg cemetery near Newport.

BACCALAUREATE TO BE PREACHED SUNDAY

The Rev. Clyde S. Black Will Deliver Sermon to New Salem Graduating Class.

COMMENCEMENT ON APRIL 29

The baccalaureate sermon for the graduating class of the New Salem high school will be preached Sunday night in the auditorium of the New Salem school building by the Rev. C. S. Black of the Methodist Episcopal church of this city. Everyone is welcome to attend this service.

The commencement exercises for the class will be given Tuesday evening, April 29, in the auditorium of the New Salem school building. The address will be delivered by Asa J. Smith, a lecturer for many years and also a hero of the world war. He saw service at Chateau Thierry, Belleau wood and the Argonne forest. His lecture is sure to be highly interesting and entertaining.

ELEVEN DAYS LEFT TO PAY SPRING TAXES

Total of \$173,662.59 Collected up to This Morning, Leaving \$125,000 to be Collected.

MANY ARE PAYING BY MAIL

Collection on the spring installment of taxes amounted to \$173,662.59 up to this morning, according to Charles A. Frazee, county treasurer, who estimates that there is about \$125,000 yet to be paid. With eleven more days, counting today, of the spring installment period, which ends Monday, May 5, taxes must be paid at the rate of \$11,300 a day in order for all to be collected.

The majority of the large land owners of the county have paid, but the spring installment has not yet been met by any of the railroads or the I. & C. Traction line, all of which pay large sums. Many taxpayers not living in Rushville pay at the bank where they do business, the sum of \$24,908.57 having been collected in this manner through four banks.

More and more each year people are paying their taxes by mail. If they sent a blank check, make payable to the county treasurer, the proper amount will be filled in at the treasurer's office and the receipt returned in a self-addressed and stamped envelope which the taxpayer should forward with the blank check.

ORDER IS RESTORED.

Berne, April 22—Reports from Vienna declare officially that order has been restored in that city. The police declare that the disturbances were caused by Hungarian communists from Budapest.

ITALY'S PREMIER IS ABSENT TODAY

Clinches Belief Italian Have Withdrawn Pending Definite Action on Their Claims.

Japanese and Chinese Present Rival Territorial Claims at Afternoon Session Today.

DEADLOCK STILL CONTINUES

(By United Press.)

Paris, April 22—Japanese and their rival territorial claims at this afternoon's session of the Big Four.

Premier Orlando was again absent from the meeting, apparently clinching the belief that the Italians have withdrawn from the peace conference, pending definite action on the Adriatic question.

Premier Orlando absented himself from this morning's session of the Big Four.

In view of the fact that both Orlando and Foreign Minister Sonnino failed to attend the meeting of the body yesterday afternoon, it was assumed the Italians had temporarily withdrawn from the conference.

While no official statement was forthcoming regarding the status of Italian territorial claims, it was understood the deadlock continued and that the Italians had stood aside, willing or otherwise, to permit consideration of other problems.

Japanese demands for ratification of her occupation of Kiao Chau and the Shantung peninsula presented a situation paralleling the position of Italy. It was announced last night that if the Italians did not appear before the Big Four, Viscount Chinda would be heard on the Japanese claims. It was admitted in Japanese circles that the meeting must be decided by the Big Four. Meanwhile, unofficial information received in Paris tended to show that Orlando and Sonnino are guided in their attitude by the internal situation at home. It was also reported that conditions there are such that a revolution, either Bolshevik or republican, is likely soon.

Distribution facilities are poor and it is said the home nation is known to be uneasy.

SALES NOT AUTHORIZED

Salvation Army Gets Word About Impostors in Uniform.

Envoy Frank Gipson of the local branch of the Salvation Army has had a letter from headquarters to the effect that impostors are selling different forms of pamphlets, using the name of the army and stating that a certain percent of the proceeds goes to the army. The chief secretary wishes it to be made clear that the national headquarters has not authorized and has not consented to anyone selling pamphlets, song sheets or anything else by service men or anyone else through the Salvation Army. As the army is very popular at present, it is felt that unscrupulous persons may be using the name of the army for the benefit of their own pockets.

SCHOOL IS CLOSED AGAIN

Clarksburg Pupils Have Symptoms of Typhoid Fever.

The Clarksburg public school, which have been very unfortunate all during this school year, have been closed again as a result of several high school students being out of school with symptoms of typhoid fever. It is thought that the water is not fit for drinking purposes and a sample has been sent to the State Board of Health to be analyzed.

TO EXILE FORMER KAISER

Big Four to Bring Him Before International Tribunal.

Paris, April 22—Exile was reported today to have been agreed upon by the Big Four as punishment to be meted out to William Hohenzollern.

As a result it is understood that efforts will be made to bring him before the international tribunal to try him for political crimes and violation of Belgium's neutrality rather than try to extradite him from Holland. In case conviction should be agreed upon, an exile similar to Napoleon will be proposed as punishment.

The chief virtue of sandy soil is that the roots of plants can pass through it readily; its chief fault is that it dries out too quickly. Clay soil holds water well, but it tends to pack and harden. Both types of soil need stable manure—it loosens up clay and helps sand to hold moisture.

Three Million Dollars

For a Phonograph

Can you imagine a phonograph that costs three million dollars? MR. EDISON worked for many years and spent more than three million dollars in research work to develop a single model—THE NEW EDISON. If he had stopped and offered this one instrument for sale together with his patents and the secrets of his research work \$3,000,000.00 would be the price that many capitalists would gladly pay for it. But MR. EDISON did not do that. Instead he said "Here it is Boys," this is what I get the true results with, follow them and make replicas of this model at the lowest possible cost, but don't sacrifice the quality.

1914 and 1919 Alliances.

An address of President Wilson in 1914 on entangling alliances is interesting in the light of developments at the peace conference. The league of nations, as originally proposed, would undoubtedly force the United States in what would be regarded as an entangling alliance. What the new covenant will do can not be accurately stated, because its exact contents are not known, but it can be safely said that it will ally this country with European countries in a fashion exactly contrary to the president's views, as expressed five years ago, as follows:

There are just as vital things stirring now that concern the existence of the nation as were stirring then (to wit, in Washington's time) and every man who worthily stands in this presence should examine himself and see whether he has the full conception of what it means. America

should live her own life. Washington saw it when he wrote his Farewell Address. It was not merely because of passing and transient circumstances that Washington said we must keep from entangling alliances. It was because he saw that no country had yet set its face in the same direction in which America had set her face. We cannot form alliances with those who are not going our way, and in our might and in the confidence and definiteness of our own purpose we need not and we should not form alliances with any nation in the world. Those who are right, those who study their consciences in determining their policy, those who hold their honor higher than their advantages, do not need alliances. When we go out from this presence we ought to take the idea with us that we too are devoted to the purpose of enabling America to live her own life, to be the justest, the most progressive, the most honorable, the most enlightened nation in the world.

Urban Vs. Rural.

Chicago and Detroit, two of our largest Western industrial centers, have just been confronted with the question of "wet or dry" in an election. Both unhesitatingly voted "wet".

The Chicago question was purely a municipal one. In Michigan the voting on prohibition was state-wide. The state went dry.

The sentiment in rural communities is largely against the sale of liquor. This is probably because the smaller places are more largely American, and the customs of life are simpler. The complex life of a great city, full of the foreign element, and with less social restraint favors the "wet" side. The small places go "dry".

In a state-wide election the small places can always outvote the large

Library Notes

(By MARY SLEETH, Librarian)

The Lure of the Land.

Good food, good air, quiet, health, freedom from worry, the consciousness of doing a work that is vital not only to the United States but to the whole world looking to us for food—these are but part of the farmer's "income".

Dr. Wiley tells all about it in his book, "The Lure of the Land".

The application of business principles to farming are thoroughly explained in Warren's "Farm Management", a book that is useful to every farmer, and one that will especially appeal to the business man who is going into farming.

Soils, crops and animals are the important factors in farming, however, though business principles are necessary for success. Books like "Crops and Methods for Soil Improvement" by Agee, "Swine in America" by Coburn, and "Making the Farm Pay" by Bowsfield, are all practical for study.

Even if a man has only a small plot of land, books like Farrington's "Rome Poultry Book", "Poultry Keeping" by Lewis, "Beekeeping" by Phillips, "The Vegetable Garden" and "The Potato" by Grubb, will help feed the family and some of the neighbors.

There are many books on simplifying farm work, on farm machinery, tractors, irrigation, farm buildings, marketing, cattle, bee keeping, fruit and flower growing, and other special subjects that may interest you.

Your Public Library has many of the above books, also Bailey's Encyclopedia of American Agriculture. Ask for them.

COMMISSIONERS CAN EXCEED THE ESTIMATE

Attorney General Rules They Have Authority Under County Unit Law in Building Highway

MAY BUILD MORE THAN ONE.

Ele Stansbury, attorney general, in an opinion submitted yesterday to Gilbert H. Hendren, chief examiner of the state board of accounts, held that under the county unit road law passed by the recent Legislature the boards contract for more than the estimated cost of an improvement. That can be done where there is no statutory prohibition.

"The county unit act", the opinion reads, "provides for the refusal by the board of commissioners to let a contract upon bids filed. The board then can amend the specifications, adopt them as amended and then give notice of a reletting of the contract. I think that is the only way for them to amend the specifications."

The attorney general held that there is nothing in the act to prevent the improvement of more than one highway at a time.

Comedies at Mystic.
 Peggy Hyland in "The Rebellious Wife" and a comedy showing Mutt and Jeff in "Pot Luck in the Army", is the offering at the Mystic theatre tonight. Tomorrow Frank Keenan in "The Silver Girl" and a two reel comedy will be shown. Thursday "The Millionaire Pirate", featuring Monroe Salisbury, is advertised.

One of the finest settings ever supplied for any motion picture, is the court room scene in "Out of the Shadow", the latest Paramount photoplay starring Pauline Frederick, which will be displayed for the first time in this city at the Princess theatre tonight. The set is the replica of Part one, Court of General Sessions in New York City, one of the most elaborately appointed tribunals in the country.

It is in this court room that Ruth Minchin, the part played by Pauline Frederick, is tried for the murder of her drunken husband who has treated her brutally from the date of their marriage. She is acquitted because of lack of evidence to convict, and to disabuse the public mind as to her guilt, she begins a quest for the assassin and finally prevails upon the real slayer, a pianist, to confess the murder. Miss Frederick is finely supported, her leading man being Wyndham Standing.

G.O.P. IS A PARTY OF CONSTRUCTION

Senator Watson Says Republicans Will Not Wage Campaign on Weaknesses of Opponents.

SPEAKS AT PERU MEETING.

Reiterates Opposition to League of Nations as First Made Public by President.

Peru, Ind., April 22—Senator James E. Watson addressed a Republican assemblage of 1,200 persons at the Wallace Theatre here last night having responded to an invitation from the new Republican organization in Miami County. The senator touched on the league of nations saying that he is unalterably opposed to the construction of the league of nations as brought back by the President. He also said that he believed that the Senate would continue to oppose any schema for an international league that undermines our sovereignty or amends any portion of our constitution or transfers any portion of our governmental authority to any superstate or any combination of nations.

He said he favored any kind of an international agreement looking to arbitration, conciliation or disarmament that does not interfere with American sovereignty.

"I personally believe," he said, "that the prevention of war and the maintenance of peace are entirely consistent with a sound and thorough going Americanism."

In speaking about the coming campaign he said the Republican party, while loyal to the national administration during the war, reserves the right to criticize its many blunders. Its sectionalism, its extravagance, its grasping power, its incompetency and inefficiency in preparation and organization are all subjects of just criticism, he asserted.

"But the Republican party is a party of construction," he said "and it will not seek to wage the next campaign wholly upon the weaknesses of its political adversary, but will appeal direct to the country upon the policies it will propose for the immediate future of the nation."

Senator Watson touched on the government control of the railroads, telegraph, telephones and cable systems, and said that the next Congress would demand these properties be returned to private ownership. He closed his speech with an appeal for the Victory Loan.

The Rev. S. H. Kirkbride of Chicago will speak on the missionary centennial of Methodist Missions at Manilla Tuesday 8.00 p. m. This will be of interest to all who are interested in world's reconstruction. Everybody is invited to attend the meeting.

President Tries to Effect Agreement Between Industrial Board and Railway Body.

SENDS INSTRUCTIONS ALSO.

Washington, April 22—President Wilson made every effort to effect an agreement between the industrial board and railway administration to bring about lower prices, it was stated at the white house today.

The president sent a cablegram to the industrial board, urging them to try further to reach an agreement with the railway administration. It was learned that the president has sent instructions on the matter to Director General Hines. The nature of the instructions was not revealed. As a result, however, Director General Hines has appointed Judge Robert S. Lovett to represent him in further conferences with the industrial board.

THE MAUZY COMPANY

THIS Is AN ERA of HOME DEVELOPMENT

Meeting this new impulse, this new sense of appreciation of the importance of the home, we announce

Our Wonderful Showing of Floorcoverings and Draperies

These departments are teeming with things needed to make the "Home Beautiful" a realization. This is the time of the year when lady instinctively turns her attention to the rejuvenation of the house. She is tired of the dirt and grime of winter. She wants new curtains, new draperies, new carpets, new rugs. Here she will find everything she needs or desires to make the home prettier and more attractive. An offering of carpets and rugs of special appeal to discriminating home keepers—those who want their floorcoverings to be expressive of good taste and harmony of color—floorcoverings of character and serviceability.

Carpets

It is splendid taste to cover the entire floor. Our confidence in carpets is evidenced by the many rolls of Axminster, velvet and tapestry carpets carried in our stock ready to be made up instantly.

Rugs

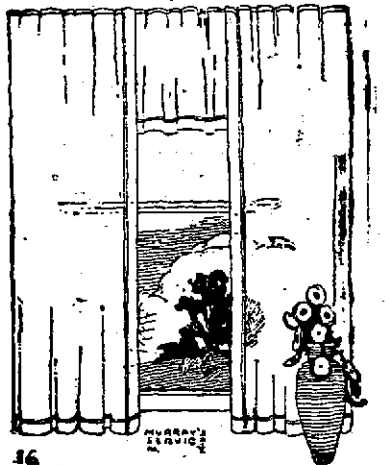

Scores of neat and distinctive designs in the better kinds of rugs are here to claim your attention. The merits of our rugs sell themselves. All are moderately priced.

Window Shades

No small feature of the house are the shades. Our output is enormous. There must be a reason. "Victor Shades" have made many friends. They are very dependable and no higher than the mediocre.

Linoleums

You are not limited in your choosing. Fifteen patterns of 12 feet linoleum to select from. Good linseed oil linoleums with sturdy burlap backs.

Get Your Name in Now

There is always a rush at this season of the year. Should you desire anything made up, laid or hung, it will be well for you to anticipate your requirements. We are proud of the workmanship that accompanies any sale made in these departments.

The Room Seems Brighter, the Air Fresher with

New Curtains and Draperies

Woven within the folds of the new draperies are almost unlimited decorative possibilities with designs and colorings adaptable to any room in the house.

Sectional lace panels evidence very good taste and we show a number of patterns in white, ivory, or arabian. Ready made curtains in scores of patterns.

We have just received a new shipment of handsome overdraperies. Many are silk in exquisite shades. Others are in harmonious combination of colors, showing new ideas throughout.

We can not begin to give you any idea commensurate with ample assortments of cretons, tapestries, nets, marquisesettes, voiles and swisses.

Let us solve your drapery problems.

IMPROVED MILK FOR STATE

Three committees Meet Today to Discuss This Object

Indianapolis, Ind., April 22—Improved milk for Indiana was the object of a meeting today of committees of the state board of health, the Indiana State Dairy association and the Indiana Manufacturers of Dairy products. The meeting was called as the result of action taken recently at a convention of the dairy products manufacturers at which a campaign for better milk produced under sanitary conditions was launched.

The manufacturers were to present a set of rules governing the production of milk.

WEATHER FOR THE WEEK.

Washington, April 21.—There is some prospect of rain on Tuesday or Wednesday. Otherwise the week will be fair with nearly normal temperature.

STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder".

He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results".

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

CAN PAY REASONABLE INDEMNITY ENTENTE

Germany Can Carry Tremendous Interior and Exterior Debts if Not Excessive.

CAN'T PAY FRANCE'S DEMANDS.

Paris, April 22—Germany can pay a reasonable but not an excessive indemnity. President Haverstein, of the Reichs bank declared today in discussing the situation concerning Germany. France need not fear German militarism, as the government cannot effect damages itself.

German workmen are "absolutely crazy". They will only go to work when their need is becoming great, he said. Only a quick peace and America's help can avert Bolshevism.

"Germany can carry tremendous interior and exterior debts if the entente demands are not excessive. We cannot pay the figures France demands. They are outrageous. We cannot stand for robbery of the Saar Valley in addition to the loss of Alsace Lorraine. It would leave us without materials. But we cannot expect anything from the Latins".

NOT TO HOLD GEORGE WASHINGTON AT BREST

Liner to be Sent Home Loaded With Troops—Arizona Will Remain at Brest.

WILL ISSUE CALL IN MAY.

Paris, April 22—President Wilson has decided not to hold the George Washington at Brest, it was learned from authoritative sources today.

The liner, it was said, will be sent home loaded with troops. Her escort, the Arizona, will remain at Brest ready for a quick trip if necessary.

President Wilson, impressed by the great numbers of soldiers waiting to come home, determined it was best not to keep the big ship idle.

The belief is now expressed that May 20 probably is too early for the president's return and as a result his call for an extra session will be issued some time in May, with the president sailing between May 20 and June 1.

MUSIC TEACHERS MEET.

Muncie, Ind., April 22—There was music in the air here today as members of the Indiana Music Teachers association assembled in convention. The meeting is to continue three days. Prominent musicians and artists are slated to assist in the concerts and round table discussions.

AVERAGE VALUATION BEING MAINTAINED

Two Weeks Report of County Assessor Reveals That Assessments are Held up.

WASHINGTON UP TO AVERAGE.

Average valuations placed on personal property by township assessors and their assistants in Rush county, are continuing at about the same figure as during the first part of the assessing period, according to the last two weeks report mailed to the state tax commissioners by Earl Priest, county assessor.

Washington township, which was below the average the early part of March, has been brought up to the average for the county. It must be understood that these averages are for all kinds of property and for all ages and classes of live stock. The following averages for household goods, automobiles and horses are slightly lower than the two weeks average just preceding, and those for cattle, hogs, sheep and farm tools are slightly higher:

Horses, \$108.68; cattle, \$63.20; hogs, \$18.92 a hundred; sheep, \$10.33; automobiles, \$72.71; farm tools, \$220.90; household goods, \$153.56.

ARE STRANDED IN LONDON

Thousands of Americans in England Owing to Lack of Transport

(By United Press.)

London, April 5.—(By Mail)

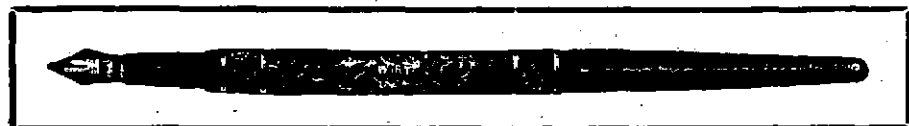

Thousands of Americans are stranded in England, unable to get home, despite important business and family engagements in the United States, owing to lack of transport.

All the shipping companies are booked up to the middle of May, and reservations are daily becoming more difficult to obtain. The

shortage of accommodation is due to the large numbers of American and Canadian soldiers and their wives who are returning home, according to shipping officials.

The American hen laid 40,000,000,000 eggs last year and the outlook for the present year is said to be even better.

TURN "BUSY BERTHAS" INTO VICTORY MEDALS

Workers of the Victory Liberty Loan Will Be Decorated for Helping Uncle Sam in the Big Victory Drive.

The "busy Berthas" that spat their hell at Verdun are silent. Their fate has been decreed. They are to become medals of honor conferred by the treasury department on volunteers in the Victory Liberty loan army.

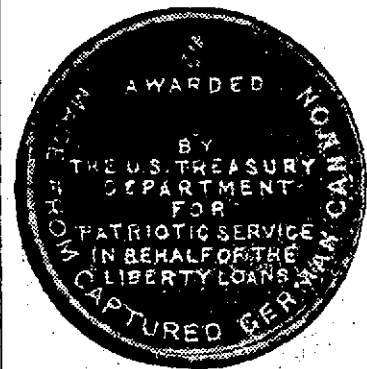

The mighty Krupp masterpieces are being melted up to make Victory Liberty loan medals. On one side of the medal will be a reproduction of the

Treasury building, and on the reverse side will be certification of the worker's participation in the loan drive. Space is left for the name of the recipient, to be engraved on the medal. The medal will be about the size of a half-dollar.

Purchasers of Victory loan securities will not receive these medals, as the bonds are intrinsically worth all the buyer pays. However, those who volunteer to sell the Victory issue to their neighbors and associates will be

awarded one of these medals. The only restriction is that the medal will go only to those who in advance of the drive are authorized to perform the work of distributing the Victory Liberty loan among the people.

If you want one of those medals, your Distinguished Service Cross as it were, for service in Uncle Sam's financial army, it behooves you to hustle over and see the chairman of your Victory Liberty loan campaign and tell him you are on the job.

Some of the medals have just reached the Seventh federal reserve district. A large quantity of them will be available for distribution before the campaign begins.

EUROPE TO SEND GREAT MEN HERE TO HELP

Many Prominent Military Leaders and Statesmen of Allied Countries Will Come Over to Speak for Victory Loan.

Fresh interest is contributed to the coming Victory Liberty loan campaign by the announcement that many eminent military leaders and statesmen will come here from Europe to speak for the loan.

It is reported that the great interest and support evinced by the alien population in previous loan drives is responsible for the decision resulting in the speakers being brought here.

Felix J. Streyckmans, federal reserve director for the Victory loan foreign language division in the Seventh district, on his return to the district headquarters in Chicago, after conferences in Washington, issued the following statement:

"Many prominent Europeans will visit this country during the coming loan drive and bring the message of victory to their Americanized countrymen. I regret that I cannot announce names at this time, but they will come through Washington after acceptances have been received. The invitations are being sent through the state department, working in conjunction with the diplomatic representatives.

"We want these foreign men of affairs to visit us not only as an expres-

Lieut. Call was decorated for conspicuous bravery in action near Varennes, France, September 26, 1918. During an operation against enemy machine gun nests west of Varennes, Lieut. Call, then corporal, was in a tank with an officer, when half of the turret was knocked off by a direct artillery hit. Choked by gas from the high explosive shell, he left the tank and took cover in a shell hole thirty yards away. Seeing that the officer did not follow, and thinking that he might be alive, Corp. Call returned to the tank under intense machine gun and shell fire and carried the officer over a mile under machine gun and sniper fire to safety. Lieut. Call's home is at Larchmont, Manor, N. Y.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

Home Gardeners Will Teach Youngsters Nature Knowledge

UNITED STATES DEPARTMENT OF AGRICULTURE

Junior gardeners and members of the boys' and girls' clubs were important factors in increasing America's food supply the past year. In many cities this work has been joined with the school-garden movement. This kind of work not only produces more food but teaches the youngsters self-dependence and the value of work.

Teachers have reported that the effort with the boys and girls has been more than repaid by the knowledge of nature gained by the pupils. Both the Bureau of Education, through the schools, and the United States Department of Agriculture, through the boys' and girls' clubs, are giving official help to the junior garden movement.

IS RELEASED ON \$200 BOND

Dr. Elbert Morris of Milroy Arrested on Greensburg Charges.

Dr. Elbert Morris, a veterinary surgeon of Milroy, is out on \$200 bond from the Decatur circuit court at Greensburg, having been arrested on two affidavits, charging him with operating an automobile while in an intoxicated condition and with driving an automobile at a speed in excess of twenty-five miles an hour. The affidavits were filed by Dr. Carl Hall, a Greensburg veterinarian, whose car Morris ran into near Sandusky several days ago. Joseph Green, a farmer of near Milroy, went on Dr. Morris' bond.

Made and Sold by Rock Island Plow Co.

The Model "D" 9-16 H. P. is a two-plow tractor and is built so you can attach the Rock Island No. 9 power lift two-bottom tractor plow directly to the tractor. This plow is especially built for the Heider Model "D" Tractor. Your hand operates the tractor while your foot raises or lowers the plows by the automatic power lift.

This gives you tractor and plows in one complete unit. Easier to handle than the ordinary horse plow—enables you to plow up to the fence and into the corners. You plow all the field.

Heider Model "D" is also equipped with a standard drawbar for pulling other tractor plows, discs, hay tools, wagons, spreaders, binders, mowers, etc. Has power enough on the belt to run smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood and run the cream separator or washing machine.

The king was in the counting house, counting up his cash,
The queen was in the garden, clearing out the trash.
The princess—ah! the princess—she was sowing garden seeds;
Home came the king, then, to help them pull up weeds.

Which has nothing directly to do with good gardening, but it does suggest a pretty picture, with a home garden as the background. And it may be typical of the many pretty pictures that grow out of gardening. There are dawns and dawns, with their shy lights and high lights—for gardening does take one forth into the freshness and beauty of the dawn more frequently than would otherwise happen. There are pictures of sky and cloud that would otherwise be missed—for gardening, though it may be of the earth, earthy, takes the thoughts and the eyes to the heavens.

But those and others like them are pictures painted for an hour or two. There are others of a more permanent sort—transformations that endure. Roses are painted into the cheeks of the queen and the princess. Some tan may take the place of the pallor of old. Together, they make the glow of good health that lasts not only while the garden does, but on into the winter evenings around the fire, and on into other years. Undeek, if you look into your garden pictures past what the artists call "the middle distance", you may see good health and happiness and prosperity planted there for all the rest of the lifetime of those who do the gardening.

FOR BETTER ROADS

PROPER DRAINAGE FOR ROADS

Tile Drains Are Much Superior to Open Ditches or Those Filled With Stone or Gravel.

(Prepared by the United States Department of Agriculture.)

Open ditches have been used frequently in some of the southern states for subdraining roads through low, flat sections. Ordinarily only one ditch is used, and it is located a few feet outside of and parallel to the road. This ditch usually is made about two feet wide and three to four feet deep, with vertical banks. The material excavated from the ditch is used to build up the roadbed, and the surplus water from the side ditches is turned into the deep ditch at convenient intervals. The use of such ditches

Good Road Leading to a Farmhouse With a Good Stand of Grass on Each Side—Very Few Weeds in Evidence.

should be decided upon with care. There are ditches in the South, within the coastal plain, where sand clays and indurated clays occur a few inches underground, that have stood with vertical sides since the middle of the last century. They have been cleaned repeatedly, and no doubt have become somewhat enlarged, but considering the cost of maintenance, and the service given, they have been entirely satisfactory. In other soils of a gravelly nature, however, the sides of such ditches would not stand, and the cost of keeping them clean would be excessive. In certain localities the open ditch soon will become obstructed by the banks breaking away and by the growth of vegetation, and is very seldom economical in the long run.

Ditches filled with broken stone or gravel sometimes are used as a substitute for the tile drains. These have been used in all sections of the country, and when properly constructed usually have proved satisfactory for a considerable period of time. When such ditches are used it is common practice to place one on each side of the road immediately under the open ditches. They are excavated to a depth of two to three feet with vertical sides and usually are made about eighteen inches at the top or just wide enough for a man to work in them conveniently. To be effective they must have a uniform grade and be carried to a suitable outlet.

The drains in general are much superior to either open ditches or ditches filled with stone for subdraining roads, and though generally more expensive than either open or stone drains, they usually can be constructed at comparatively small cost. As a rule the tile need never be over six inches in diameter, while for ordinary conditions a diameter of four inches is sufficient.

CHECK ON ROAD ENTHUSIASM

Building of Highways That Will Not Wear Is Very Discouraging to Taxpayers.

There is only one cause that can check the enthusiasm, now so evident, for good roads, and prevent a steady development in construction. This is the building of roads that will not wear. It is very discouraging to taxpayers to appropriate money for road building and then to have roads constructed that wear out long before the bonds are paid off. Yet this has occurred in many instances.

MONEY FOR COLORADO ROADS

Bill Now Pending Before Legislature Calls for \$20,000,000 for Better Highways.

Colorado business men recently united in a movement for a \$10,000,000 bond issue. After getting well into the campaign they discovered their chief opposition was in a general election campaign for the legislature. The bill now before the legislature calls for \$20,000,000.

CONNERSVILLE HAS MEET

Three Teams Will Compete for Honors on May 2nd.

A triangular track meet in which the schools of Rushville, Liberty and Connersville will take part will be held at Connersville on Friday, May 2, according to an announcement received here. Following the meet, plans are being made to hold a declamation contest at night at which appropriate awards will be given. The co-operative idea which has been brought into being by the three principals of the schools is to continue indefinitely. It is also thought that the district track meet will be held at Connersville, Saturday May 17.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50

THREE HURT IN SMASH

Marion, Ind., April 21.—Fifth and Race streets here at 9:45 o'clock last night was the scene of a crossing accident, in which an International car wrecked a small automobile, probably fatally injuring Bert Calvan, Mrs. Arnette William and Mr. and Mrs. John Hunt. Amos H. Baker, driver, escaped with slight injuries.

STIFF FIGHT IS EXPECTED

Three Men Charged With Violating Prohibition Law.

Indianapolis, Ind., April 22—Van Packer and William Lakeman of Evansville and William L. Homach of Fort Wayne were expected to put up a stiff fight against the prosecution in federal court today. The three men are charged with violating the national prohibition law.

Judge A. B. Anderson recently refused to sustain pleas of abatement by the two Evansville men and subsequently refused to quash the indictments returned against them by the federal grand jury. These cases were expected to be among the hardest fought in the long list of liquor cases. They pleaded not guilty.

AMERICANS MAKING GOOD AT SIXTY-FIVE

Don't worry about old age. A good man is good at any age. Keep your body in good condition and you can be as hale and hearty and able to "do your bit" as when you were a young fellow. Affections of the kidneys and bladder are among the leading causes of early or helpless age. Keep them clean and the other organs in working condition, and you will have nothing to fear. Drive the poisonous wastes from the system and avoid uric acid accumulations. Take GOLD MEDAL Haaren Oil Capsules periodically and you will find that you are as good as the next fellow. Your spirits will be rejuvenated, your muscles strong and your mind keen. For any kind of kidney trouble, or bladder trouble, or for the prevention of these troubles, take GOLD MEDAL Haaren Oil Capsules. They are reliable and should help you. For sale by most druggists. In sealed packages, three sizes.

Maxwell

—a car made of more brains than metal

SO much material and so much labor go into every car. And so many bookkeepers record the business done. Have you ever stopped to consider the brain power that goes into a car?

Take the Maxwell, and note such men as these employed in its development:

1. The originator of quantity production in the automobile business and the master mind in the employment of machinery to produce quantity.
2. One of the two leading production men in America.
3. One of the two leading metallurgists in America.
4. One of the leading foundry engineers in America.
5. Probably the leading cost man in America.
6. A road testing engineer that has driven a car further than any living man.
7. An accountant that keeps a daily balance in a business that exceeds \$50,000,000 a year.

These are but seven of more than thirty men of exceptional capacity who team together in the operation of the Maxwell business. The career of any one of these men furnishes a great human story.

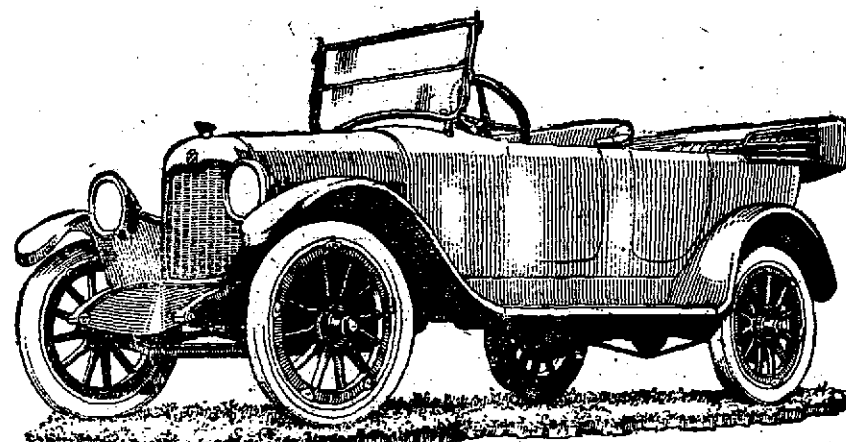

The result is evident in the Maxwell of today—a car with a lineage of 300,000 before it. All designed and built on the original chassis program.

It is a car that grows better day by day.

Because more brains than metal are put into it.

Weighed and Not Found Wanting

Hogs fed FAT BACK require less than 400 pounds to put on 100 pounds of pork. Fed corn alone it takes from 10 to 13 bushels to make the same gain. A recent exhaustive corn experiment on hogs in Iowa showed a 100 pound pork cost of \$18.40. Corn was figured at less than \$1.70.

FAT BACK puts weight on cheaply and quickly. It keeps your porkers in prime condition. It's feeds mixed—not lopsided, as its nutritive ratio of 1 to 3.7 shows. Don't burn your pigs up with too high a protein feed. Weight is not wanting when FAT BACK is fed. Buy and buy FAT BACK Hog Feed from us.

GREAT GUNS!—WHAT MAIL

Uncle Sam Will Carry a Whopping Load of Reading Matter About Victory Liberty Loan to His Prospects.

Two hundred and fifty tons of first class mail!

That is the staggering weight of the matter which Uncle Sam will distribute throughout the Seventh federal reserve district in giving "scientific billing to the Victory Liberty loan."

To insure maximum efficiency in the distribution of this enormous amount of propaganda material the distribution bureau of the department of publicity for the Seventh federal reserve district has evolved the following scheme, based on the most reliable figures obtainable. The estimated population of the district is 14,246,503 divided as follows:

Divisions	Population	Per Cent of Total
Cook county (Illinois)	2,858,481	21.18
Illinois (outside Cook county)	2,169,344	14.75
Indiana	2,289,492	15.23
Iowa	2,219,009	15.09
Michigan	2,744,400	20.03
Wisconsin	2,010,047	13.72
Total	14,246,503	100.00

The above districts are divided into counties, the county being the unit of distribution. There are 339 counties. Each has a chairman. He receives all the propaganda allotted to his district based on the proportionate population, and his own working organization see to it that all "live space" is properly billed. Here are a few facts regarding the whitening machinery of distribution:

Twenty thousand square feet of space are necessary for addressing and mailing room.

The distribution bureau has its own post office.

Three hundred men work day and night.

One million posters will be mailed in four-pound packages.

Eight million Victory Liberty loan buttons will be handled.

Two million circular letters to bondholders of previous Liberty loan issues will be mailed.

Five million letterheads and envelopes to bond salesmen will be distributed.

Tens of thousands of automobile owners will receive windshield stickers advertising the loan.

It has been officially announced that the drive for the sale of Victory Liberty loan bonds will start on April 21. If careful plans of the distribution bureau carry through every American on the morning of April 14, at least a week before the drive, will be greeted with the nation-wide injunction, "Finish the Job."

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons
Out of the Digestive Tract

Millions are now suffering from the
after effects of the deadly "flu," a
fever or a cold. Their appetites are
poor; they are weak, and they are
waiting for their strength to come back.

If these people could only realize
that the return to health and strength
would be greatly helped by giving at-
tention to the stomach—that is, remov-
ing the acidity and toxic poisons from
the entire digestive tract, making it
act naturally, so that the body will
receive the full strength of the food
eaten—a great deal of suffering would
be saved to humanity.

Everyone knows that the disease it-
self, and the strong medicines that
have been taken, upset the stomach,
leave it hot and feverish, the mouth
dry, the tongue coated, a nasty taste,
and no desire to eat. This is a poor
foundation to build new strength on.

Now, tens of thousands of people all
over this country are using EATONIC
for the purpose of cleaning these
poisonous after-effects right out of the
system and they are obtaining wonder-
ful results—so wonderful that the
amazingly quick benefits are hardly
believable, just as shown in the re-
markable letter which is published
upon the request of this sturdy old Civil
War veteran. He is 77 years old. Read
what he says EATONIC did for him:

"I am an old soldier, past seventy-
seven years. I had the Spanish in-
fluenza and it left my stomach in an

awful shape. I tried three different
doctors but got no relief. As a last
resort I sent and got a box of
EATONIC and to my greatest sur-
prise the very first tablet I took
helped me. I can now eat anything
I want, and feel fine."
Yours thankfully,
Fowler, Indiana
Dec. 4, 1918 C. S. Martin

P. S.: If you can make any use
of this letter for suffering humanity,
you are at liberty to do so. C. S. M.

This is only one case out of thousands.
You should make the EATONIC test
in your own case at once. You have
everything to gain—not a penny can
you lose, for we take all the risk. Your
own common sense, your own feelings,
tell you that a good appetite, good di-
gestion, a good stomach, with the fever
poisons and effects of strong medicines
out of your system, will put you on the
road to strong, robust health again.

You want to enjoy life again after
you have battled with the "flu," fever
or colds, or any other illness that has
taken your strength. You want to get
back your old-time vigor, be full of pep
and enthusiasm—be able to work with
ease, instead of listlessly, half-heart-
edly dragging out a mere existence.

So be sure to take a box of EATONIC
home with you today. We cannot urge
this too strongly. If EATONIC fails
to give you positive beneficial results,
it will not cost you a penny. There is no
risk—the benefit is surely all for you.

TAKE EATONIC TODAY FOR YOUR ACID-STOMACH

NOTE—Over 20,000 drug stores throughout the United States sell and
guarantee EATONIC. If you cannot obtain EATONIC quickly at your
drug store, do not be without it. Write us and we will mail you a 14c, 50c
box at once and you can send us the 50c after you get it. Address:

It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability
on the one hand and equally famous on the other as the easiest riding car on the road—for the
practical side of motoring seldom goes hand in hand with comfort and fitness. The FRANKLIN
SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause
—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines
these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years.
The FRANKLIN car keeps going when most other cars must stop. Ask for a test of FRANK-
LIN comfort, ease of handling, all-around usability on a poor road in this vicinity.

GEN. MARCH HELPED GET NEWS QUICKLY

He Was Given Most Credit for Aid-
ing in the Transmission of News
to This Country.

HE WAS THE CHIEF CHANNEL

All Agree That the Strict War Cen-
sorship Caused a Great Deal of
the Delay

(By United Press.)

New York, April 22.—Gen. Peyton
C. March, chief of staff of the U. S.
Army, was given great credit today
for keeping the war news avenue
open to the public, by Marlen E.
Pew. Pew was the director of the
war department news bureau during
the war and has just returned to
New York to resume his work as editor
of the Editor and Publisher. In
his position at Washington he was
the chief channel whereby news
from the war department reached
the public and was in close touch
with the entire censorship problem.
For years Pew was an active editor
of daily papers.

Discussing the censorship Pew
said:

"Nearly every army officer and
newspaper correspondent I have
talked with upon their return to
Washington from the front have
been in agreement as to the evil ef-
fects of censorship as effecting the
civil population. The ancient code
of secrecy as to military operations
has been pretty well exposed as in-
efficient and, in fact, reacting more
against the nation subscribing to it
than in the interest of the enemy. I
vividly recall a conversation with a
correspondent of the United Press
early last summer upon his return
from France, after having visited
nearly every sector of the Western
front and after four years almost
continuous attachment to the armies
of both the Central Powers and the
Allies. He had motored from New
York to Washington and had in-
spected the tremendous Army, Navy,
and Shipping Board war production
enterprises along the seaboard. He
told me of his amazement at the
scope of these diversified operations
and exclaimed: 'I would to God that
I had Ludendorff with me on that
trip—Germany's war plans would
collapse tomorrow.' Subsequent
events, of course, proved that the
war plans of the Central Powers did
not take into account our tremen-
dous scheme of war and that when
Germany did understand our mili-
tary potentiality, through contact
with the advance operations of Per-
shing's forces, she capitulated.

"Censorship was trusted by the
Allies, who were our military guides
in this war as a means of preventing
the enemy from matching military
plans and discounting them. There
is, of course, an element of advan-
tage in that, but it has always been
a question with me whether this ad-
vantage was as important as the po-

sitive advantage of possessing the
complete co-ordinated and faithful
support of the civil population,
which is only possible as the people
understand the plans and issues of
the war.

"As a matter of fact the liberal-
ity of our government as to military
censorship has been unexampled in
history. We were successful with
the Voluntary Censorship—the
newspapers were their own best cen-
sors, as far as they went. My own
opinion is that they did not go far
enough in the constructive sense,
through publication of the tremen-
dous scope and detail of our war
production. On the other hand some
damage was done through mistaken
publicity. I have in mind such un-
authorized and ridiculous publica-
tions as the demand for a 'hundred
thousand planes, to blast Germany
from the map.' This was heroic
talk, but it hurt the American in-
terest. It was never dreamed of as
a possibility. Some 40 men were re-
quired on the ground for every plane
in the air, hence 100,000 planes
would have required an army of
4,000,000,000 men at least. Plane
production was new to us and highly
experimental—it is today. If the
same newspaper space that went for
these absurd demands had been de-
voted to a recital of actual and po-
tent war production, civil morale
would have been stiffened and if the
matter had leaked by any channel
into Germany, the effect would have
caused consternation rather than
amusement, as the 100,000 planes
story did, judging from the accounts
of German newspapers sent out as
propaganda by wireless from Nauern.

"The attitude of the War Depart-
ment has been to conserve the prin-
ciple of candor with the people,
through the press, except on news
agreed upon as obviously of advan-
tage to the enemy and real disad-
vantage to our war cause. For in-
stance, it was plainly a mistake to
publish troop movements overseas
while the German U-boat campaign
offered a possibility of use of such
information, though how, with all
our watchful care, such information
could leak to the enemy has never
been clear to me. However there
was a chance in it and no one wished
to sponsor such information, the
newspapers included.

"The right of the people to know
of the conduct of their business at
Washington was met with the high-
est idealism by the Secretary of
War. Never was there an instance
when, so far as the people of the
United States were concerned, he so
much as remotely suggested the sup-
pression of unfavorable news. Mr.

men toward censorship was erron-
Baker, however, did believe in cen-
sorship for purely military reasons,
but was careful to weigh the value
of such matter for advantage to the
enemy as against the counter advan-
tage which might accrue from a
thorough understanding of the facts
by the people of this country.

"Much is said of the 'iron silence'
of military men—their devotion to
the principle of secrecy. I have
not encountered much of that among
the high officials of our army. There
is, for instance, no more ardent sup-
porter of open dealing with the peo-
ple through the press than Gen. Pey-
ton C. March, Chief of Staff. He has
often said, 'I believe wholly in the
right of the people whose army it is,
to know about their army.' For many
years Gen. March held to the belief
that the general attitude of military

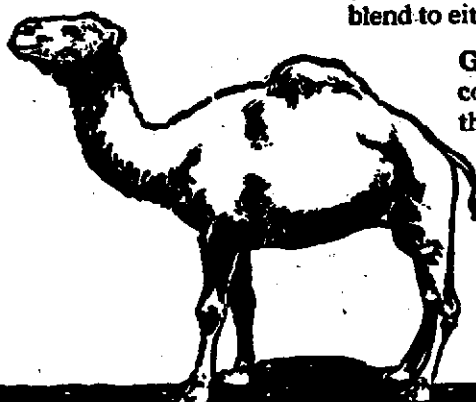

eous and when he came into a posi-
tion to practically apply the prin-
ciple of candor he did so, with whole-
some result. At stated intervals he
met the newspaper men, talked free-
ly to them, answered their questions
and acted in every way to keep the
lines open to the people. Young offi-
cers who through zeal attempted
either to apply the press gag or to
exploit the press for the dispropor-
tionate aggrandizement of their ar-
my branches, were easily dissuaded
from that course through War De-
partment orders.

"As a newspaper man who has
been permitted to rather closely view
the war operation at Washington it
is a matter of the greatest pride that
the highest ethics of journalism were
met and conserved by the War De-
partment and the army."

18 cents a package

Camels are sold everywhere in
scientifically sealed packages of 20
cigarettes, or ten packages (200
cigarettes) in a glassine-paper
covered carton. We strongly re-
commend this carton for the home
or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great
because their refreshing flavor and fragrance
and mellowness is so enticingly different. You
never tasted such a cigarette! Bite is elimi-
nated and there is a cheerful absence of any
unpleasant cigarette after-taste or any un-
pleasant cigarette odor!

Camels are made of an expert blend of choice
Turkish and choice Domestic tobaccos and are
smooth and mild, but have that desirable full-
body and certainly hand out satisfaction in
generous measure. You will prefer this Camel
blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then
compare them with any cigarette in
the world at any price for quality,
flavor, satisfaction. No matter
how liberally you smoke
Camels they will not tire
your taste!

Constipation

THERE IS NOTHING equal to Chamberlain's
Tablets for constipation. When the proper
dose is taken their action is so agreeable and so
natural that you do not realize that it is the effect
of a medicine. These tablets possess tonic proper-
ties that aid in establishing a natural and regular
action of the bowels. Chamberlain's Tablets have
cured many cases of chronic constipation.
